WASHINGTON, March 22—Cuba will produce about 1,400,000 tons of sugar this season, an estimate based upon prospects for excellent spring weather, acording to Consul General Rodgers, of Havana. He is inclined to discredit the low estimates of probable

CLOSE MINES

the men.

The rank and file of the mine workers believe that the coal road presidents will close the mines April 1st for an indefinite period. They base this belief on the fact that the mines are being worked to their full capacity this month, notwithstanding that previously during March it has been the custom to operate them only about half the time. The operators have made no announcement what they intend to do next month, nor have they made any public declaration as to whether the price of domestic sizes of coal will be reduced fifty cents a ton April 1st, as has been done in other years.

ingly a net increase of 107 during the year in the number of organizations in existence. Compared with 1907, the activity of organization was less pronounced, 232 organizations having been formed and 58 dissolved during that period, a gain of 174. The year, however was much more active than 1906, in which 154 unions were formed, and 85 dissolved, a gain of 69. The only other year in addition to 1907 in which the formation of labor organizations was more active in Canada since he record of the department was established was 1903, in which the total number of unions formed reached 275, and of unions dissolved 54, a net gain of 221 being the largest recorded.

The feature of the year from the standpoint of locality was a comparative decline in the activity of the organization in Ontario and Quebec. accompanied by a very marked increase in the Maritime Provinces and a continuation of the activity which has been pronounced in the western provinces since 1906.

Industrial accidents occurring to 236 individual work people in Canada during February were reported to the department of labor. Of these 76 were fatal and 160 resulted in serious injuries.
