Capt. A. W. Pitt of Gondola Point was in town yesterday. He reports that work on his new steamer, the Adina Padlock, is being rapidly pushed forward. He expects to launch her about the first of July. Four trips a day will be made from Upper Clifton to Rothesay, connecting with the trains and calling at other points on the river. Capt. Pitt has received a subsidy for his boat.

Jas. L. Belyea, proprietor of Rockdale Hotel, Brown's Flats, had a narrow escape from drowning last Friday evening. He was out rowing in a small tender, when it capsized, throwing Mr. Belyea into the water. He managed to cling to the bottom of the boat, but could not make any efforts to save himself, as his coat pocket had caught in the trolling line underneath. Three boys, Frank and Edgar Brown, and William Wilcox, heard his calls for help, more than a half mile away, and after some difficulty got a boat launched and rescued Mr. Belyea, exhausted and benumbed, from being so long in the icy water.

NERVOUS DYSPESIA.

A CURE FOR IT.

Not a Patent Cure-all, nor a Modern Miracle, But Simply a Rational Cure for Dyspepsia.

In these days of humbuggery and deception, the manufacturers of patent medicine, as a rule, seem to think their medicines will not sell unless they claim that it will cure every disease under the sun. And they never think of having our dyspepsia and stomach troubles. They are sure to claim that their nostrum is absolutely certain to cure every dyspeptic, and he need look no farther.

In the face of these absurd claims it is refreshing to note that the proprietors of Stuart's Dyspepsia Tablets have carefully refrained from making any undue claims or false representations regarding the merits of this most excellent remedy for dyspepsia and stomach troubles. They make but one claim for it, and that is, that for indigestion and various stomach troubles Stuart's Dyspepsia Tablets is a radical cure. They go no farther than this, and say much of women suffering from indigestion, chronic or nervous dyspepsia, who will give the remedy a trial will find that nothing is claimed for it that the facts will not fully sustain.

It is a modern discovery, composed of harmless vegetable farinaceous ingredients, the weakest for most delicate stomach. Its great success in curing stomach troubles is due to the fact that the medical properties are such that it will digest whatever wholesome food is taken into the stomach, no matter whether the stomach is in good working order or not. It relieves the over-worked organ and restores the healthy appetite, gives refreshing sleep and the blessings which always accompany a good digestion and assimilation of food.

Using Stuart's Dyspepsia Tablets no dieting is required. Simply eat plenty of wholesome food and take these Tablets at each meal, thus assimilating the food, the stomach, which rapidly regains its proper digestive power, when the Tablets will be no longer required.

Nervous Dyspepsia is simply a condition in which some portion or portions of the nervous system are not properly nourished. Good digestion invigorates the nervous system and every organ in the body.

Stuart's Dyspepsia Tablets are sold by all druggists at 50 cts. per package. They are manufactured by the F. A. Stuart Co. of Montreal, Que.

Any druggist will tell you it gives universal satisfaction.

PENSIONS FOR MONCTON BOYS.

Edward Durant and John Lutz, two of Moncton's boys who were with the first contingent in South Africa, and who were wounded at the famous battle of Paardeberg, are to receive pensions from the British government and substantial recognition from the management of the patriotic fund for New Brunswick. Messrs. Durant and Lutz receive \$1,000 each from the patriotic fund and Pte. Durant has been notified that he will receive a pension of 65 cents a day for life from the British government, while Pte. Lutz will also receive a pension. The heirs of Jake Scott (killed at the battle of Paardeberg) will receive \$1,500 from the patriotic fund in addition to the \$1,000 recently received from the insurance placed on the lives of the first contingent men by Sir Charles Tupper. NOTICE TO MOVE.

A circular letter of the nature of an order has been received by the C. P. R. train men, impressing on them the fact that they should live at the point either of arrival or departure of trains. As, for instance, a man running on a train from here to Sussex should live either at St. John or Sussex, and not at Rothesay or any other point. The reason for the circular is that quite a number of the men are living along the line, and at an emergency are not quickly available. Should the letter become an order, it will cause a great deal of present inconvenience to these men who have for a number of years made their homes at intermediate points. Many of the men, too, own the places in which they live.

N. B. S. S. ASSOCIATION.

The quarterly meeting of the executive of the New Brunswick Sunday School Association was held yesterday afternoon, the chairman, R. G. Haley, presiding. Members were present from many of the various districts. Reports from the outside departments were presented, showing the work generally to be in a flourishing condition.

Arrangements were made to have members of the central committee attend the county conventions of the association and to select representatives to be present at the annual conventions of the various denominations for the purpose of explaining the work of the association.

It was decided to hold the annual convention of the association in Fredericton on the 8th, 9th and 10th of October next.

THE EXODUS GROWING.

The Petticoat correspondent of the Moncton Times writes under date of 18th inst.:

"A large number of persons have left this vicinity lately and gone to the United States. Thomas A. Colpitts, who operated a farm in Glenvale, recently disposed of his farm and all his personal property and with his family went to Hartford, in Connecticut, where he will hereafter reside permanently. Abner Jones, one of the oldest and best known farmers in this vicinity, rented his large farm, sold his personal property and went to Boston, Mass., where he will reside permanently. Many others, generally young men and women who are unable to get employment at home, have recently gone to the States."

Man Convicted of Offense Against Scott Act, Shielded by Authorities.

AMHERST, N. S., April 18.—About two weeks ago, under a third offense, conviction for violation of the Scott act, Timothy O'Hearn was sentenced to thirty days imprisonment in the county jail. A warrant for his arrest was placed in the hands of Chief of Police Brownell, and from that point the case is involved in mystery. It was reported that O'Hearn was arrested and locked up. Several persons called at the jail to see O'Hearn, but were informed by the jailer that the prisoner did not wish to receive visitors. The repeated refusal of the jailer to allow any one to converse with the reputed prisoner aroused suspicion among those who saw him. Councilor Reeves of the police committee decided to investigate, and calling at the jail asked Jailer Acorn if O'Hearn was a prisoner in the building, but only received an evasive answer. Determined to see him, Councilor Reeves got the sheriff to accompany him to the jail. On interviewing Acorn it was ascertained that O'Hearn was not serving his sentence, nor had he ever been put in jail by Policeman Brownell, although arrested for that purpose. The cat being out of the bag, Brownell yesterday made the arrest and put O'Hearn in jail.

Very Favorable Reports Being Received from the Lumber Districts.

Breaking the Ice With Dynamite on the Dunganar—Sugar Island Boom Swung.

FREDERICTON, April 18.—Aubrey Chipman, who has been in the office of the shoe factory for some time, left yesterday for his home at St. John, and after spending a short time there will go to western Canada, where he expects to locate.

Mr. Kitchum, who has been spending the winter in England, has returned home. The reports today from the lumber regions are very favorable. The river here rose a couple of inches last night, and is about stationary today. Reports from an river would indicate that a further rise may be expected. There is still considerable snow on the head waters, and the warm weather is keeping up the good pitch of water for stream driving. Good reports are received from the Atlantic where it is held that there is yet about three feet of snow in the woods.

Wm. Richards Co. have their drive of between three and four millions on Byrd Land. Brook all out into the main river. The C. G. river and Taxis have the logs well along and they have been obliged to stop operations until the boomers are swung. The Dunganar is yet full of ice, and Richards Co. has a crew of men at work with dynamite breaking up the ice and opening a passage for the logs, there being in all about seven miles of dead water to open up in this way.

Sugar Island boom was swung last night, and is now receiving logs as they come down the river. The Mitchell boomers at Lincoln will be ready to receive lumber tonight.

The court consists in the Risteen v. Limerick. Ruth Johnston, appellant, v. Andrew Jack, respondent. Scott E. Morrell supports appeal from St. John county court. A. O. Earle, contra; still before court.

Of the members of the first contingent there are six, and of the second five, yet unaccounted for. The first contingent, set apart for the purpose of enlisting soldiers from New Brunswick, who served through the campaign, have made claim for allowance that have not been paid. The first and most material is that there are not funds on hand to do so, and the second, that some of these men enlisted in Nova Scotia and some in Quebec, serving through the war in companies going from these provinces, and some, unable to enlist in New Brunswick as the ranks were full, went to Halifax and thence to South Africa, attached to no corps or company, but on arrival there, were taken on, and served through the campaign, returning to Canada with those who had regularly enlisted, receiving regular and honorable discharge.

None of these men were on the nominal roll received from the militia department. Ottawa as soldiers who received allowances from the fund.

Had these men in any way been represented as forming part of the quota going from New Brunswick, the committee would have made further appeal to the public for funds to do so.

I have to submit report of receipt and payments of the contingent funds to 31st of March. The following are the names of the individuals, corporations, churches, societies, etc., contributing, with their respective subscriptions, amounting in all to \$28,331.14.

small surplus. Some New Brunswick men who for various reasons had enlisted outside the province had applied for aid from the fund, and it might be well to divide this balance among them. He moved that the statement just presented lie on the table, and that the treasurer read the list of applicants.

H. D. McLeod named the following who had applied for a part of the fund:

B. McCallum of Douglastown, N. B., who was working in Windsor, N. S., when the call came and had enlisted there with H. Co., with which he served through the war.

W. H. Coates of Buctouche had been attending McGill college in Montreal and had enlisted there.

Fred W. Kirkpatrick, who had enlisted with H. Co., at Halifax, was a native of St. John.

C. E. Peterson of the Fredericton military school had been transferred to Quebec just before enlistment began and had joined F. Co. there.

Geo. G. Woodcock tried to join the second contingent in this province and failed, but was taken in at Halifax.

Fred R. Gorham of the 2nd contingent had enlisted at Quebec in the 2nd contingent.

Wm. McCallum of Newmarket had failed to get himself enlisted in New Brunswick and had smuggled himself on board the transport. He was accepted at Cape Town and served with the R. C. I. R.

Hon. Mr. Tweedie brought up the case of Harry Wetmore, who died of fever in South Africa. H. D. McLeod said his name was not on the roll, nor had he ever seen it mentioned among the lists. A further search revealed the name of A. Wetmore in one of the militia orders, but the place of his enlistment could not be found. The matter has been referred to the Canadian patriotic fund.

The treasurer stated that the \$446 balance now on hand, if it was taken to defray the expenses of printing and publishing the complete list of subscribers and other statements in connection with the fund, the remaining \$500 could be divided among the seven applicants in the proportion of \$75 to each of the 1st contingent men, and \$61 to each of the 2nd.

Hon. Mr. Tweedie moved that the balance be so appropriated.—Carried.

E. T. Sturdee, W. O. Purdy and W. E. Vroom were appointed as an audit committee to examine the treasurer's accounts and report.
