### Mrs. Campbell's Statement

I cannot refrain from telling all who suffer of my remarkable recovery with Psychine. In April, 1902, I caught a heavy cold, which settled on my lungs, and gradually led to consumption. I could not sleep, was subject to night sweats, my lungs were so diseased my doctor considered me incurable. Rev. Mr. MaHaffy, Port Elgin Presbyterian church, recommended Dr. Slocum's Psychine to me, when I was living in Ontario. After using Psychine for a short time I ate and slept well, the night sweats and cough ceased. Months ago I stopped taking Psy-

chine, as I was perfectly restored to health, and today I never felt better in my life. Psychine has been a Godsend to me.
