## WOUNDED SOLDIERS.

Mrs. Mary Connell of 181 Erin street  
received word yesterday that her son,  
Pte. Fred T. Connell, had been wounded  
in the hand and admitted to No. 6  
dressing station. This is the third  
time that Pte. Connell's name has ap-  
peared in the casualty list; the first  
time he was wounded in the left  
shoulder, and the second he was shell  
shocked.

Private Connell's younger brother,  
Louis E., recently returned home after  
doing his share to defeat the Hun,  
and just a year ago yesterday Robert  
J., another brother, was killed in ac-  
tion at Vimy Ridge. A son-in-law,  
Sergeant-Inpector George Fry, is also  
overseas doing his part to win the war.  
The family record is one to be proud  
of.

Mrs. Patrick Keleher of 88 City Line  
was advised yesterday from Ottawa  
that her son, Pte. Harold Keleher, had  
been wounded and admitted to a hos-  
pital in France. Pte. Keleher is about  
twenty-one years old and went over-  
seas with the 140th Battalion and was  
drafted into another.

## MILITARY FUNERAL.

Private William G. Caples of the  
36th Battalion was buried yesterday  
afternoon with full military honors.  
The funeral took place at 2.30 o'clock  
from the residence of his father, Police  
Inspector Thomas Caples, 79 Leinster  
street, and was attended by a large  
number of citizens. The Depot Bat-  
talion Band and a firing party pre-  
ceded the hearse. The remains were con-  
veyed to the Cathedral, where the  
services were conducted by Rev. Ar-  
thur P. Allen. Interment was in the  
new Catholic cemetery. There was a  
large number of beautiful floral trib-  
utes, among which were wreaths from  
the V. A. Ds of the army and mili-  
tary hospital, Women's Canadian Club,  
Mr. and Mrs. John Keefe, Mr. and Mrs.  
Fred C. Wesley, Inspector and Mrs.  
Caples wish to thank the V. A. Ds and  
the doctors for the extreme kindness  
and care given to the young soldier  
during the long time that he spent in  
the military hospital, also to the many  
kind friends for sympathy shown.

## Quit Meat When Kidneys Bother

Take a glass of Salts if your Back hurts or  
Bladder troubles you

No man or woman who eats meat  
regularly can make a mistake by  
flushing the kidneys occasionally, says  
a well-known authority. Meat forms  
uric acid which excites the kidneys,  
they become overworked from the  
strain, get sluggish and fail to filter  
the waste and poisons from the blood,  
then we get sick. Nearly all rheuma-  
tism, headaches, liver trouble, ner-  
vousness, dizziness, sleeplessness and  
urinary disorders come from sluggish  
kidneys.

The moment you feel a dull ache in  
the kidneys or your back hurts or if  
the urine is cloudy, offensive, full of  
sediment, irregular of passage or at-  
tended by a sensation of swelling, stop

eating meat and get about four ounces  
of Jad Salts from any pharmacy;  
take a tablespoonful in a glass of wa-  
ter before breakfast and in a few days  
your kidneys will act fine. This famous  
salt is made from the acid of grapes  
and lemon juice, combined with lithia,  
and has been used for generations to  
flush and stimulate the kidneys, also  
to neutralize the acids in urine so it no  
longer causes irritation, thus ending  
bladder weakness.

Jad Salts is inexpensive and can-  
not injure; makes a delightful efferves-  
cent lithia-water drink which every-  
one should take now and then to keep  
the kidneys clean and active and the  
blood pure, thereby avoiding serious  
kidney complications.

## TRAINS CRASH A MILE WEST OF MEMRAMCOOK

Second Section of Fast Freight  
From Truro Hits First  
Train.

## NO ONE HURT BUT MUCH DAMAGE

Track Blocked Four Hours and  
Ocean Limited Delayed.

Special to The Standard.  
Moncton, April 11.—There was a  
bad spill on the C. G. R. about one  
mile west of Memramcook Station at  
two o'clock this afternoon as the re-  
sult of a rear-end collision between  
two freight trains. The trains in col-  
lision were sections one and two of  
No. 875, a fast freight en route to  
Moncton. The collision was caused by  
the second section following too close-  
ly. The engine crew of the second  
section and the conductor and brake-  
man in the van of No. 1 section jump-  
ed when they saw the collision was  
unavoidable and all escaped injury.

Three refrigerator cars on the head  
train were derailed and piled up along  
the track, being badly smashed up.  
They were empty. As the result of  
the wreck the line was blocked about  
four hours, the Ocean Limited, from  
Halifax, due here at two o'clock being  
held at Memramcook until six o'clock.  
The track was very little damaged.

Conductor Lynds of Truro was in  
charge of the first section while Driver  
G. W. Dryden of Truro was in the  
engine which bumped into the head  
section. In addition to five cars on  
No. 1 section being badly damaged the  
engine of No. 2 section was also con-  
siderably smashed. Why the colli-  
sion should occur in broad daylight  
with both trains moving in the same  
direction is the cause of considerable  
speculation.

Engineer Wilson and Fireman

Boulais Lose Lives in Me-

rious Wreck on Maine Cen-

aged.

H. C. Grant, general superintendent  
of the C. P. R., New Brunswick divi-  
sion, received word yesterday that  
there was a serious head-on collision  
between two freight trains at Megan-  
ic. Engineer W. Wilson of Moncton  
was instantly killed and a fireman  
named Boulais died a few hours later  
from injuries sustained. The engines  
were badly damaged as well as sev-  
eral cars containing export freight.  
The members of the crews of both  
trains were also injured, but none  
seriously.

The Boston and Montreal trains  
from St. John were delayed for more  
than seven hours as the result of a  
derailment of a freight train at King-  
man, Me., on the Maine Central. The  
telegram wires went down. Those  
injured at Kingman were: C. Adams,  
engineer, cuts and bruises; A. J. John-  
son, conductor, bruises; L. Greeney,  
knee injured; W. Murphy, shoulder  
injured; P. S. McIver, shoulder injured.  
The reason for the collision was  
failure of the airbrakes.

## TSARISH METHODS RESORTED TO BY THE FOSTERITES

(Continued from page 1)  
Appendix to Speaker.

Hon. Mr. Robinson said he did not  
think the motion could carry instruc-  
tions to the committee. In that form  
he thought it was out of order. He  
would ask the speaker to consider the  
point he had raised.

Mr. Baxter said before the  
amendment was offered the leader of  
the opposition had satisfied himself  
as to what he could do. The speaker  
said he would consider the matter and  
give his decision tomorrow. The na-  
ture of the decision is anticipated with  
interest. Authorities on rules of the  
House state there is abundant pre-  
cedent for the amendment by Hon. Mr.  
Murray.

The real exhibition, however, came  
in the attitude of the government mem-  
bers on the opposition side of the  
House of the opportunity to bring in  
legislation, and there was no reason why  
the rules of the House should be mis-  
understood or deliberately perverted.

At this some members called order.  
Hon. C. W. Robinson said that un-  
der rule 66 the motion must have the  
bill attached to it.

Hon. Mr. Baxter said all that was re-  
quired was that the motion should have  
the title of the bill, but not its  
contents.

He pressed the speaker for a deci-  
sion and said that in matters of this  
sort the House was entitled to an im-  
partial and impartial ruling.

The speaker said he would give his  
decision tomorrow and members of the  
opposition booed and laughed in deri-  
sion.

## Monctonian Gets Mad.

Hon. Mr. Robinson, who had become  
nervous to his feet and said: "It  
is pretty near time that this House  
understand that we on the govern-  
ment side are not acting under the in-  
structions of the opposition. We are able  
to take care of ourselves."

Hon. Mr. Baxter: "And I am equal-  
ly determined to have my ruling and  
that stands."

Mr. Speaker: "I resent such an in-  
sultation. I have given my ruling and  
that stands."

Mr. Baxter: "Stands but not under-  
stands."

This ended the incident.  
It is understood that there is ample  
precedent for the contents of the  
opposition leader and Hon. Mr. Bax-  
ter. The impression here is that the  
government party is in fear of the suf-  
frage bill and will use every means  
possible to prevent it from coming be-  
fore the House. In this, however, they  
will not succeed as the bill will be  
brought up tomorrow and if opposed,  
as it is certain to be, the House will  
divide upon it.

isfactory. The amount taken in at the

## Mother and Children

Had Awful Coughs.

WERE CURED BY

DR. WOOD'S

NORWAY PINE SYRUP.

Mrs. Arthur Appleyard, Novar, Ont.,  
writes: "This past winter my children  
and I had awful colds and coughs  
which we got by being in drafts. I  
tried a number of different remedies  
for us, but got no relief. I thought  
I would try Dr. Wood's Norway Pine  
Syrup, and I found it a most excellent  
and sure cure. It gave relief to the  
tickling in the throat and stopped the  
coughing, and with a few bottles we were  
all cured."

Dr. Wood's Norway Pine Syrup is a  
remedy that has been on the market  
for over twenty-five years, and we can  
recommmend it as being, without doubt,  
the best cure for coughs and colds that  
you can possibly procure.

There are a lot of imitations on the  
market, so when you ask for "Dr. Wood's"  
be sure that you get it. Put up  
in a yellow wrapper; three pine trees  
the trade mark; price 25c. and 50c.;  
manufactured only by The T. Milburn  
Co., Limited, Toronto, Ont.

## PLENTY OF FUN IN RAILWAY CARRIAGE

Traveller with Plenty of Wit  
Amused Fellow Passengers  
When He Attempted to  
Auction the Clothing in His  
Suit Case.

A portly gentleman, about 45, jour-  
neyed the other evening on his way  
to Boston. He was the centre of at-  
traction for all the passengers as his  
wit, sharpened no doubt by a wee bit  
of Johnny Walker, was certain to pro-  
voke laughter.

On the first part of his journey he  
was asked by an immigration official  
for the necessary documents, as he  
was crossing the line. The merry one  
had them in a suit case, but where he  
left the suit case "he knew not."  
Then he was accosted by the con-  
ductor for his ticket, but unfortun-  
ately the ticket was in his overcoat,  
where he left the overcoat "he knew  
not either."

Seeming not to mind any threats of the officials all believ-  
ing he was eventually would be in jail soon-  
er or later.

One gentleman then offered a help-  
ing hand to assist in hunting up his  
lost belongings so with a poor de-  
scription he set to work soon, with  
the assistance of the whole coach, he  
located the lost articles. Then the  
ticket was produced, but the key to  
the suit case was gone and no chance  
of getting his papers for the "immigra-  
tion officer."

The latter commenced to "harp  
about no passport" and the merry one  
produced a knife and cut the end of  
the suit case, but wanted then to give  
the official the suit case and all its  
contents. Not succeeding, he thought  
of an idea, "auction them off." Then  
the fun commenced, and with each  
article he explained in "splendid"  
English its value. The auction was  
not a success either. So after piling  
everything away he commenced to  
sing "all to sleep." He was on his  
way to his daughter's home in the  
States for a visit.

The funeral of Mrs. Margaret Car-  
son took place yesterday afternoon at  
2.30 o'clock from the residence of her  
son, 607 Main street. Interment was  
made at Cedar Hill cemetery. Rev.  
John Hardwick conducted the service.

## MRS. LEWIS

OF BROOKLYN

Tells How She Was Made

Well by Lydia E. Pink-

ham's Vegetable

Compound.

Brooklyn, N. Y.—"For one year I  
was miserable from a displacement,  
which caused a gen-  
eral run-down con-  
dition with head-  
aches and pains in  
my side. My sister  
induced me to try  
Lydia E. Pinkham's  
Vegetable Compound.  
I found it helped me very  
much and such a  
splendid tonic that  
I am recommending  
it to any woman  
who has similar  
troubles."—Mrs. ELLEN E. LEWIS, 30  
Vernon Ave., Brooklyn, N. Y.

Such conditions as Mrs. Lewis  
suffered from may be caused by a fall or  
a general weakened run-down condition  
of the system, and the most successful  
remedy to restore strength to muscles  
and tissue and bring about a normal  
healthy condition—has proved to be this  
famous root and herb medicine, Lydia E.  
Pinkham's Vegetable Compound.

If you have disturbing symptoms you  
do not understand write Lydia E. Pink-  
ham Medicine Co., Lynn, Mass. The  
result of their 40 years experience is at  
your service.

## A Never Failing Way

to Banish Ugly Hairs

(Aids to Beauty)

No woman is immune to superfluous  
growths, and because these are likely  
to appear at any time, it is advisable  
to always have some depilatory powder  
handy to use when the occasion arises.  
A paste made with some of the pow-  
der and water and spread upon the  
hairy surface; in about 2 minutes  
this is carefully removed and the skin  
washed. You will then find that your  
skin is entirely free from hair or fuzz.  
Be sure, however, to get real depilate.

## Washing Won't Rid

Head of Dandruff

The only sure way to get rid of  
dandruff is to dissolve it, then you  
destroy it entirely. To do this, get  
about four ounces of ordinary liquid  
arvon; apply it at night when retir-  
ing; be sure to moisten the scalp  
and rub it in gently with the finger  
tips.

Do this tonight, and by morning,  
most if not all, of your dandruff will  
be gone, and three or four more ap-  
plications will completely dissolve  
and entirely destroy every single  
sign and trace of it, no matter how  
much dandruff you may have.

You will find, too, that all itching  
and digging of the scalp will stop at  
once, and your hair will be fluffy,  
lustrous, glossy, silky and soft, and  
look and feel a hundred times better.

You can get liquid arvon at any  
drug store. It is inexpensive and  
never fails to do the work.

## Careless Shampooing

Spoils The Hair

If you want to keep your hair look-  
ing its best, be careful what you wash  
it with. Don't use prepared sham-  
poos or anything else, that contains  
too much alkali. This dries the scalp,  
makes the hair brittle, and ruins it.

The best thing for steady use is  
just ordinary mulsified coconut oil  
(which is pure and greaseless), and  
is better than anything else you can  
use.

One or two teaspoonfuls will  
cleanse the hair and scalp thoroughly.  
Simply moisten the hair with water  
and rub it in. It makes an abun-  
dant of rich, creamy lather, which  
assures one easily, removing every  
particle of dust, dirt, dandruff and  
excessive oil. The hair dries quickly  
and evenly, and it leaves the scalp  
soft, and the hair fine and silky,  
bright, lustrous, fluffy and easy to  
manage.

You can get mulsified coconut oil  
at any pharmacy, it's very cheap, and  
a few ounces will supply every mem-  
ber of the family for months.
