

CONVICTED MURDERER DIES OF PNEUMONIA

John E. Roberts, Aroostook Co. Guide, Had Asked for Pardon.

Thomaston, Me., Oct. 24.—John E. Roberts, an Aroostook county guide, who was serving a life sentence in the state prison for the murder of J. Edgar Dickinson, a Smyrna Mills farmer, died Monday night of pneumonia. Parole proceedings were pending and a hearing had been fixed for Nov. 27. The crime was committed Oct. 17, 1906. Dickinson was found lying dead in his home, having been shot in the head. A bullet hole in the window pane showed that the murderer had stood outside. Annie Dickinson, wife of the victim, was indicted jointly with Roberts. At the trial, the case against Mrs. Dickinson was not pressed, and the jury disagreed as to Roberts. On the second trial the latter was convicted and began his life sentence April 29, 1907. His defence was that the crime could not have been committed in the manner alleged.

POPE WANTS HARMONY. Ottawa, Oct. 24.—A pastoral letter from Pope Benedict XV., dealing with the bilingual question in the province of Ontario has been addressed to Cardinal Beinin at Quebec and made public through His Eminence, Pierre Di Maria, the apostolic delegate in Ottawa. Pope Benedict states that an appeal made by French-Canadian schools for Roman Catholics is just, and that during the first years of their tuition French-Canadian pupils should be granted the use of their own language for certain subjects, chiefly and above all the teaching of Christian doctrine. The Pope, however, deplors the dissension which has arisen and counsels peace, that concord may exist among Roman Catholics.

It Saves Doctors' Bills!

This is the Rev. A. D. McLeod's opinion of Zam-Buk. This clergyman, who lives at Harcourt, N.B., writing to the proprietors, remarks upon the unusual popularity which Zam-Buk enjoys in the homes of the people of his parish. He says: "I know of nothing that can compare with it. Having charge of an extensive mission, over which I travel constantly, I meet with many sick and afflicted people, and I have been amazed at the good which Zam-Buk is doing daily. I have learned, as an absolute fact, that for bad ulcers, old wounds, eczema and skin diseases of all kinds the healing power of Zam-Buk are simply marvellous. As the painful ailment, piles, also, is excellent. Many a doctor's bill is saved by the use of Zam-Buk. For cuts, burns and scalds Zam-Buk is equally good. Nothing ends pain and heals so quickly. 50c. box, 2 for \$1.00. Dealers of Zam-Buk Co., Toronto. Send in stamp for free trial box."

A NERVOUS BREAKDOWN

Miss Kelly Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health. Newark, N. J.—"For about three years I suffered from nervous breakdown and got so weak I could hardly stand, and had headaches every day. I tried everything I could think of and was under a physician's care for two years. A girl friend had used Lydia E. Pinkham's Vegetable Compound and she told me about it. From the first day I took it I began to feel better and now I am well and able to do most any kind of work. I have been recommending the Compound ever since and give you my permission to publish this letter."—Miss FLO KELLY, 476 So. 14th St., Newark, N. J.

The reason this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, was so successful in Miss Kelly's case was because it went to the root of her trouble, restored her to a normal healthy condition and as a result her nervousness disappeared.

ACIDS IN STOMACH CAUSE INDIGESTION

Create Gas, Sourness and Pain How to Treat. Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning, gas, bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach and not as some believe to a lack of digestive juices. The delicate stomach lining is irritated, digestion is delayed and food sour, causing the disagreeable symptoms which every stomach sufferer knows so well. Artificial digestives are not needed in such cases and may not do real harm. Try laying aside all digestive aids and instead get from any druggist a few ounces of Bisurated Magnesia and take a teaspoonful in a quartet glass of water right after eating. This sweetens the stomach, prevents the formation of excess acid and there is no sourness, gas or pain. Bisurated Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and is the most efficient form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

How You Can Remove Every Trace of Hair

(Toilet Talk). A stiff paste made with some powdered delatone and water and spread on a hairy surface about two minutes will, when removed, take every trace of hair with it. The skin should then be washed to free it from the remaining delatone. No harm can result from this treatment, but be sure it is delatone you get and you will not be disappointed.

War Efficiency and National Prosperity

More than a billion and a half dollars distributed in Canada for exported agricultural produce and the products of labor in the fiscal year ending March 31, 1918, has kept Canada busy and prosperous in spite of the war.

CANADA'S production in such enormous quantities was made possible only by the money received through Canada's War Loans. Canada thus was enabled to assist the Allies in their purchases here by establishing financial credits for their use in this country.

CANADA'S war loans not only have sustained Canada's war effort, but they have kept the wheels of production turning as they never turned before.

This is the flood of cash which poured in to Canada's farms for their exports in the fiscal year 1918, for:—

Table with 2 columns: Product and Value. Butter \$2,000,000; Cheese 36,602,000; Eggs 2,271,000; Oats 37,644,000; Wheat 366,341,000; Flour 95,896,000; Meats 76,729,000; Vegetables 19,034,000.

Over six hundred and thirty-six million dollars for exported farm products alone!

AND the workers of Canada also shared greatly in Canada's export trade.

For their products there was distributed in Canada, during the year:—

Table with 2 columns: Product and Value. Munitions \$450,000,000; Metals 92,083,000; Vehicles 22,776,000; Wood Pulp and Paper 59,599,000.

These huge sums were spent in Canada by the Allies.
