

1-888-RCMPGRC

The RCMP's new "facts-on-demand" service!

Looking for a quick source of information on regionalization, pay issues, how to prepare for the promotion system or the Musical Ride schedule? Now you can get it all with one simple phone call.

The RCMP's new 1-888 number puts you in touch with an infofax database of fact sheets on a variety of topics of interest to employees and the general public. Simply type in your fax number and in an instant, the system automatically faxes the information sheets you request — all for free. The preliminary catalogue includes press releases, information on employee issues and of public interest (tentative dates of the RCMP Musical Ride tour, the RCMP 125th Anniversary), and more fact sheets are being added by the day.

If you are interested in putting information on the system, please contact Kim Gildner at Internal Communications via ROSS or by telephone at (613) 993-2779.

So call 1-888-RCMPGRC today, and try it out!
