BOYD'S

Special to THE HERALD.—On Wednesday evening, the choir of St. John's Church, Innisville, came to the home of Mr. W. J. Bowland, as a surprise party to Miss Lillian, who has been a faithful member for a number of years. After a few hours of enjoyment, the secret of their coming was revealed, when Miss Mary Sheppard read the following address and Mrs. Wm. Shannon made the presentation.

To Miss Lillian Bowland, Secretary.
Dear Miss Bowland,—We, the members of St. John's Choir, having heard with deep regret of your intention to sever your connection with us, feel that we cannot allow the occasion of your departure to go unnoticed. Words, at any time, are but feeble expressions of the heart, but on this occasion we find them entirely inadequate to express to you how keenly we feel the loss your severance from us will be, and though our feeble words may not express our sentiments, yet we can not refrain from paying to you the well deserved tribute of our praise.
In your future field of labor, which you have chosen, and we all know there is no better, purer, or more helpful in the cause of humanity, we wish you God speed, and ask you to accept this Club Bag and Fountain Pen as a slight token of our regard for you.
Signed on behalf of the choir,
Iva V. Sheppard.

Although taken totally by surprise, Miss Bowland recovered sufficiently to acknowledge the good feeling expressed, in appropriate words, and made each to feel they would always be fresh in her memory. The club bag is of black leather, beautifully lined, and the pen one of Waterman's best. The happy but yet rather sad gathering came to a close by singing "Auld Lang Syne."
Miss Bowland leaves Friday for Harper Hospital, Detroit, where she has been accepted as a nurse-in-training.

There died at Ottawa on Wednesday, 18th inst., James Ferguson, of Hopetown,

aged 48 years. He had been ill since Christmas with anaemia.

Several people in the vicinity of Oso have been complaining of losing sheep from time to time, and it has generally been laid to the credit of roving dogs, but Mr. Wm. H. Conboy, having lost a fine sheep and two lambs on Thursday night last, thought he would try and find out what really was causing the destruction to his sheep. He set a large bear trap beside one of the carcasses on Friday night, and on getting up Saturday morning he heard the moans of some wild animal in the trap, which was only about two hundred yards from his house. He took his rifle and went to investigate, and found he had a nice young bear securely caught in the trap. Knowing that the old one would likely be near by, he proceeded cautiously to the edge of the bush, which was very dense with under-brush, and was peeking earnestly up an old road (as it was not yet clear day) when the old bear made a leap from behind him and bounded into the woods, but not before he had received a bullet from the hunter's gun. As the woods were very dense, Mr. Conboy sought the aid of Mr. Robt. Johnston, and together they followed the old bear to a nearby swamp and shot her. On examination they found the young bear had its leg broken in the trap, so they despatched it also.

She was born on the 11th line of Ramsay, on October 15th, 1846, and was a daughter, (Mary), of the late Patrick Lynch. On November 9th, 1862, she was married in Almonte by Rev. Father Vaughan to Mr. Hogan, who is still living. Ten children were born to them, the eldest of whom was killed in an accident when he was thirteen years of age.

CANADA GIVES HOSPITAL.

Establishment Manned by French-Canadians to Be Near Paris.

LONDON, Aug. 30.—The Canadian Associated Press learns that arising from the visit of Premier Borden to France the Dominion Government has decided to provide a hospital near Paris for wounded French soldiers. This decision will give immense pleasure not only to Canadians, but also to Great Britain, and France, as it affords further demonstration of the reality of the entente cordiale between France and the British Empire.

To French-Canadians the gift is of special interest, because the Government having decided to equip the hospital made the choice of the medical unit, whose members will be able to speak the language of their patients. Thus we shall see the treatment of French soldiers by the grandsons of Jacques Cartier, Champlain, and Montcalm.

The Canadian Premier on the occasion of his visit to Europe was greatly impressed with the work of the Royal Army Medical Corps.

Canada has contributed nobly to funds for alleviating the suffering of the wounded, the gifts having included \$100,000 towards a French Hospital at Dinard. When Premier Borden met the French President recently he offered on behalf of the Canadian Government to provide and equip a hospital for French wounded. The offer was gratefully accepted by President Poincare, and, thanks to the exertions of Surgeon-General Carleton Jones, Director of the Canadian Army Medical Services, and the co-operation of Hon. Philippe Roy, the Canadian Commissioner in France, and the interest of Mons Manotiaux, ex-Minister of Foreign Affairs, the promise of the Canadian Minister is about to be fulfilled. The hospital is already in existence in England under the command of Col. A. Mignault of Montreal, with a staff of French-Canadian medical men and nurses. He has been in charge of a tent hospital on the south coast of England capable of accommodating over five hundred patients. This is officially known as No. 4 Stationary Hospital.

IMPORTANT ARREST MADE.

Carl Schmidt, of Detroit, Suspected of Part in Windsor Outrages.

WINDSOR, Aug. 30.—Under a strong guard in Walkerville jail last night, Carl Schmidt, a Detroit German, was made a prisoner. He was arrested on Bois Blanc Island, a summer resort 18 miles down the Detroit River, and in Canadian waters, late this afternoon by Provincial Detectives Nash and Smith, who received information by telephone that he had boarded the excursion steamer at Detroit. They were waiting, and when Schmidt set foot on British soil he was notified that he was under arrest. The officers immediately hustled their prisoner aboard a small ferry-boat which crosses to Amherstburg. As the craft was midway in the stream Schmidt drew a letter from his pocket and threw it far out into the water. The act was observed and the boat stopped, and by quick work the detectives rescued the letter. It was written wholly in German, was addressed to a German resident in New York City, and signed simply "Carl."

What the contents are the authorities absolutely decline to state, but the importance of the arrest was made apparent when after Schmidt had been taken to the Windsor jail a street car conference was held at police headquarters. At once thereafter the prisoner was rushed to the Walkerville Jail in a patrol wagon, and is being kept under constant surveillance.

The Provincial detectives have been on Schmidt's trail for many weeks, and yesterday was the first time he attempted to leave United States territory. He is believed to be the man named by William Laffer, now serving a ten-year sentence in Kingston Penitentiary for the Windsor dynamiting affair a short time ago. Laffer at his trial named Albert Kaltschmidt, a wealthy and prominent German resident of Detroit, and one Carl Schmidt, as the men who engineered the dynamiting plot.

LOOKING FOR PEACE?

U. S. Officials Say Germans Are Paving Way for Negotiations.

WASHINGTON, Aug. 30.—Some officials in Washington think they can see in Germany's change of policy toward the submarine issue a larger purpose than the mere maintenance of friendly relations with the Government. They believe that Germany, if not actually seeking to pave the way for peace negotiations, is at least preparing herself for the day when such negotiations will be begun.

As viewed by these officials and in diplomatic circles here, Germany is moving to rehabilitate herself in the eyes of neutrals, so that when a movement for peace is actually undertaken she may be assured of a larger measure of sympathy and support from neutral powers than would be accorded to her now.

The view that Germany is looking forward to possible peace developments from a settlement of the submarine issue is not mere surmise or speculation. It has a very substantial foundation in suggestions that have repeatedly been thrown out by German representatives in this country.

Fighting on Gallipoli.

LONDON, Aug. 30.—A new attempt by land and sea on the Turkish positions at the Dardanelles has resulted in heavy fighting. The Turkish War Office announced yesterday that several onslaughts had been repulsed, with heavy losses to the allies. It was also said that a cruiser and a transport of the allies had been hit repeatedly by the German guns. Neither the Paris nor London War Offices have made any mention of these engagements.

CENTENARIAN BECOMES DISCREET

London, Aug. 28.—William Hoather, of Lewes, Sussex, who celebrated his 103rd birthday yesterday, has never been to London.

With a hearty chuckle he told a London Evening News representative that he was "just beginning to enjoy life."

He was born on August 3, 1812, attended the school of a shepherd school-master, and recalls how, at a later date, he and other boys used to rise at 3 a.m. to play cricket before going to work.

"I've never seen London yet, although I've had offers," said the old man. "It can't be much more crowded than Lewes on Market day, so I don't care much about it."

"Up to my hundredth birthday I was always very fond of my pipe and my glass, but when a man reaches the age of discretion he ought to knock off something. Don't you think so?"

"A year ago I had two motor rides with the lord of the manor."

"Well, good-bye, sir. Hope to see you next birthday. Good bye."

William R. Travers, ex-manager of the Farmers' Bank, who has now served over three years and a half of his six years sentence in Portsmouth penitentiary, will, it is reported, be released next month.

Statements made by wholesale cloth merchants show that there is likely to be considerable increase in the price of suits, due to the action of the British Government in demanding that its orders for khaki be met first.
