Strong Testimony of Emigrant Commissioner, the Hon. George Starr, as to the power of Radway's Ready Relief in a Case of Sciatica, Rheumatism.

VAN NESS PLACE, NEW YORK.

DR. RADWAY—With me your Relief has worked wonders. For the last three years I have had frequent and severe attacks of sciatica, sometimes extending from the lumbar regions to my ankles, and at times to both lower limbs.

During the time I have been afflicted I have tried almost all the remedies recommended by wise men and fools, hoping to find relief, but all proved to be failures.

I have tried various kinds of baths, manipulation, outward application of liniments too numerous to mention, and prescriptions of the most eminent physicians, all of which failed to give me relief.

Last September at the age of 47, at request of a friend (who had been afflicted as myself) I was induced to try your remedy. I was then suffering fearfully with one of my old troubles. To my surprise and delight the first application gave me ease after bathing and rubbing the parts affected, leaving the limbs in a warm glow, created by the Relief. A short time the pain passed entirely away. Although I have slight periodical attacks approaching a change of weather, I know how to cure myself, and feel quite master of the location. RADWAY'S READY RELIEF is my friend I never travel without a bottle in my valise.

Yours truly, GEO STARR

INTERNALLY—A half to a teaspoonful in half a tumbler of water will in a few minutes cure Cramps, spasms, sour stomach, Nausea, Vomiting, Heartburn, Nervousness, Sleeplessness, Sick Headache, Diarrhoea, Colic, Flatulency and all internal pains.

BRITISH DOMINION WINE.

Manufactured from the Best Canada Grapes without the use of either artificial coloring or distilled spirits in any form.

After repeated chemical analyses of the Wines made by Robert Bradford of No. 595 Parliament St. Toronto, I do not hesitate to pronounce them to be unsurpassed by any of the native Wines that have come under my observation.

Analyses show them to contain liberal amounts of the ethereal and saline elements, sugar and tannic acid etc., characteristic of true Wine and which modify materially the effects which would be produced by alcohol alone.

Retaining to a high degree the natural flavor of the grape, they serve the purpose of a pleasant table Wine as well as that of a most valuable medicinal Wine.

"Great is Acetocura."

185 Madison street,
Chicago, Aug. 17, 1894.

Gentlemen—One day last month I called into the office of your agent, Mr. S. W. Hall, on other business, and received the gentleman's condolence upon my wretched appearance. As a matter of fact, I was a sick man—had been receiving treatment from two different physicians without the slightest benefit. I certainly was discouraged, but afraid to let go. I had not had a decent night's rest for most ten days, no appetite, no ambition, "ach-y" all over, but bowels were in good order the fact is, neither the physicians nor I knew just what the trouble was. Mr. Hall spoke of Acetocura. I confess I would have paid little attention to it but for my precarious condition. He insisted on giving me half a bottle to try, and refused to accept any payment for it. I read the pamphlet and had my mother rub me that evening. Failing to produce the flush within 15 minutes, I became thoroughly frightened—the flesh along the spine seemed to be dead—but persisting in it produced the required result in just 45 minutes. That night was the first peaceful one in ten, and on the morrow my spine was covered with millions of small pustules. By night I felt a considerable improvement. Owing to soreness the application was omitted, but again made the third night. The following day showed a wonderful change in me. I felt like a new man. Since then I have chased rheumatic pains several times, with the greatest ease. From being sceptic, I cannot help but say, "Great is Acetocura." It is truly wonderful, and I am most grateful to Mr. Hall for his action.

Respectfully yours,
P. O. BAUER.

HEALTH AND HOUSEHOLD HINTS.

Royal Fruit Cake.—Take five cups of flour, five eggs, one and one-half cups of brown sugar, the same amount of butter, two pounds of currants, two pounds of raisins, half a pound of citron, one cup of molasses, a small teaspoonful of soda, one-half a cup of milk, one tablespoonful each of cinnamon, cloves, allspice, and one whole nutmeg. This should be baked for two hours in loaves. Line the pans with thick brown paper.

Breakfast Dish.—A savory breakfast dish is made from ripe tomatoes and a little cold boiled or broiled ham. Chop the ham fine, and use from a half-cup to a cupful, and put it in a saucepan with three firm tomatoes peeled and cut in slices. Add a half table-spoonful of butter, and cook a few minutes, then add two raw eggs. Mix thoroughly, and cook until the eggs are set; season with white pepper, and serve on well-browned toast, sprinkled with chopped parsley.

An Excellent Pickle.—An excellent pickle mixture is made from green tomatoes, cauliflower, celery and small cucumbers. For every peck of tomatoes use four heads of cauliflower and four bunches of celery. Slice the tomatoes, break the cauliflower into pieces and chop the celery. Put the whole in brine for a day and a night, then drain and cover with hot vinegar. In a quarter of an hour take out of the vinegar and drain. Add to the vinegar two ounces of grated horseradish and an ounce of ground cloves, cinnamon, tumeric, a quarter of a pound of black pepper, eight ounces of mustard, and take same quantity of brown sugar. Turn over the pickles, and add enough cold vinegar to cover.

Orange Pies.—Two cupfuls of sugar, two of flour, five eggs, one teaspoonful of cream of tartar, half a teaspoonful of soda, the juice and rind of one orange. These are for the cake. Beat the eggs very light, then add the sugar, and beat until frothy. Now add the orange. Mix the soda and cream of tartar with the flour, and rub through a sieve on to the beaten eggs and sugar. Stir well, and bake in deep tin plates. There will be enough for six plates. When baked, put a thin layer of the icing between the cakes, and cover the pie with icing. There should be three cakes in a pie. Icing: The whites of four eggs, one teacup of powdered sugar, the juice and rind of two oranges. After beating the whites to a stiff froth, beat in the sugar and then the rind and juice of the oranges. When the pies are iced, dry them in the heater.

A Perfect Oyster Omelette.—An oyster omelette is very appetizing, but few succeed with it. Allow a dozen large oysters to half as many eggs. Beat yolks and whites separately and to the yolks add a teaspoonful of minced parsley, four tablespoonfuls of milk and one of flour, with pepper and salt to taste; beat into them also one tablespoonful of melted butter. Have your pan—a large one for such an omelette—very hot, and put into it two tablespoonfuls of butter to heat, but not too hot. To insure success the oysters should be first drained and dried and then fried a light brown in a little very hot butter, then set aside in a hot place until the eggs are ready. When the pan is just right, beat the whites into the yolks vigorously, pour the eggs into the pan and keep it over an even but not fierce heat. Detach the edges constantly, and when the omelette is set, put the hot oysters in the centre and fold over; dish and serve just as soon as possible. Plates for omelettes should always be heated.

To clean house easily, one room at a time is enough to undertake. In this room the day before cleaning it, let the tacks be removed from the carpet, but push the furniture back into its old places and only the house-maid and her mistress will guess that house cleaning has begun.

Clean the closets belonging to the room and also the bureau. Leave orders for the carpet cleaners to come the first thing in the morning, and arrange that the carpet shall be brought back at one o'clock. In the morning, remove all draperies and take down the pictures, and set as much of the furniture as possible to move into a second room. Now wipe down first the walls and ceilings, and wash the bedstead inside with strong ammonia and water, next the woodwork and windows. A few drops of ammonia in the water will add not a little to the brilliancy of the windows, mirrors and glass in pictures. Lastly, wash up the floor. This is a good forenoon's work for a woman, if assisted in all the lighter parts, such as the washing of the pictures, and mirrors, by the mistress.

After dinner the carpet should be put down, the pictures re-hung, and the furniture re-arranged. While the carpet is being put down, the maid can wash toilet covers and short window curtains, or if these have been done up and are in readiness, the carpet tacks may be taken up in a second room, and the closets and bureaus cleaned as in the first. In this way a room may be perfectly cleaned in an afternoon, a forenoon, and two hours of the second afternoon.
