TWO EXPERIENCES IN KEMPTVILLE OF INTEREST TO OTHERS.

Mr. Hugh Brownlee Tells How He Was Cured of Sciatica After Much Suffering—Miss Delia Main Suffered From Trouble Incident to Girlhood— Her Case Critical—How She Found Release. From the Kemptville Advance.

One of the best known men in the One of the best known men in the county of Grenville and the adjacent county of Carleton, is Mr. Hugh Brownlee, of Kemptville. Mr. Brownlee was born in Carleton county, in the year 1834, and until about five years ago resided in the township of North Gower. Having by industry and good business ab'lity acqu'red a competence, he determined to retire from the somewhat laborious life of a farmer; and, taking up his abode in a beautiful home in the village of Kemptville, has since continued to reside here. It is well known to Mr. Brownlee's friends and acquaintances that he has suffered many years from Sciatica of a violent form, and it has lately been understood that he has at last been relieved from the pangs of this excruci-

Recently, while in conating disease. versation with Mr. Brownlee, a reporter of the Advance asked him to give his experience for the benefit of other sufferers, which he gladly consented to do

"You are aware," said Mr. Browniee, "that most of my life has been spent upon a farm; and in addition to farming followed the business of buying cattle, sheep and lambs. In doing so I was exposed to all sorts of weather and overexertion, which brought on severe attacks of Sciatica. I suffered for about ten years, trying all sorts of powerful remedies, but without doing me a particle of good. During this long period of suffering I was deprived of much sleep of suffering I was deprived of intensively and many a night tumbled about in bed nearly all night long, suffering the most exeruciating pains. In fact I was rapidly approaching the condition of a chronic cripple. I had tried so many remedies that I was becoming discouraged, and almost despaired of obtaining relief. While in this condition I was induced to try Dr. Williams' Pink Pills. took the pills for some time without any noticeable results; but feeling as if they were a last resort I continued their use. Then come a slight change for the better, and every day added to my steady improvement, until now, after the use of about eighteen boxes, I am nearly as well as ever I was, being almost entirely free from pain. I am still using Dr. Williams' Pink Pills and feel confident that my cure will be permanent. You may be sure that I am grateful for what Pink Pills have done for me, and I am only too glid to bear testimony to their merit. Indeed f believe they are deserving of every good thing that can be said of them."

Mrs. Brownlee was present and said that she, too, could vouch for the bene-ficial effects derive! from the use of Pink She had suffered for nearly four years with terrible soreness and pains in the back of the head and neck, accom-panied by frequent attacks of dizziness which caused great distress and inconvenience. Having observed the peneficlal effects Pink Pills had upon her suffering husband, Mrs. Brownlee determined to try them, and from the outset found re-lief; and after the use of four boxes found that the soreness was all gone, and for the past three months she has been almost entirely free from pain. She has the greatest confidence in Dr. Williams' Pink Pills and believes them the great-est medicine of the age.

A YOUNG LADY'S EXPERIENCE. Having heard that Miss Delia Main, a young lady who lives with her parents young lady who lives with her parents not far from Mr. Brownlee's residence, had also been greatly benefited by the use of Pink Pills, the reporter next called upon her. Miss Main is a handsome young lady, eighteen years of age, with the glow of health in her cheeks. In reply to enquiries, Miss Main said that some two years ago she began to be affected with weakness peculiar to many young girls. Her face was pale; she was troubled with heart, nalnitation: young girls. Her lace was pale; she was troubled with heart palpitation; and the least exertion left a feeling of great tiredness. She had good medical treatment, but without getting relief; and at last her condition became so bad that her parameter and friends formed she that her parents and friends feared she was going into a decline and almost despaired of her recovery. At this juncture Miss Main was induced to try Dr. Williams' Pink Pills, which are an unfailing specific in cases of this kind. Having lost all confidence in medicine, Miss Main took Pink Pills, irregularly at first but finding that they were below. at first, but finding that they were helping her, she began to take them regularly according to directions. From this time on improvement in her case was steady and rapid; and after the use of a dozen boxes she found her health fully restored.
"I believe," said Miss Main, "that
if it had not been for Dr. Williams' Pink Fills I would not be alive to-day, and I strongly recommend them to all girls who find themselves in a condition similar to what mine was." Miss Main's
