to have too much happiness either. I think you  
are wise to acquire the Strivings property as  
Shirleymore is especially with the right of way  
through the property. It is desirable to have  
conveniently neighbours. It will be a pleasure for  
to have the Pattersons there but it is a big house for  
them. It is a lovely property & the views from  
the house is beautiful. I am so glad Mary  
was with me there that summer. Our little  
visit was a very great pleasure to us both.

I am glad to have Mrs Hartin's address  
for I would like Nelson to go see her if he  
is in Kelowna. Mrs Rind she is! She was  
always very fond of Mother and used to be  
to come to our house on Beverly St.

The children are all well & started back to  
school this morning. Yesterday they brought in  
quantities of notes which are performing the  
whole house. I hope you will get no. 15

place will rest you. It is a blessing the  
house is over. Mary says he wrote for the  
other day. He is well and hard at work in his  
Garden. The place will soon look very pretty. There  
was a Mrs Ruggie of Ottawa visiting her sister here for  
months. She said she & her husband were strong supporters  
of James. I had her down for afternoon tea one day & she was  
delighted.

being entertained by the Prime Minister's sister! At least I  
suppose that was what pleased her most! Must not  
edit another page. All join in best love & hoping you  
will come see us if you are in this direction.  
I'm coming early June.

My dear Willie:

Thank you so much for letting  
me see Mary's letters. She certainly  
has had more than her share of  
trouble but no one can fail to admire  
her pluck. The shock of knowing  
what was the trouble seems to me  
to be almost as bad as the shock  
to the system of the operation. It  
was a great blessing she took it in  
time. It is the same thing as Mrs  
Ross had and she suffered intensely  
without having any idea of the cause.  
May certainly deserve praise for the
