THE G. C. I. RECORD takes pleasure in issuing in concise form the proceedings of the Semi-Centennial Celebration of the Galt Collegiate Institute and Tassie Old Boys' Reunion, held on July 17th and 18th, 1902.

No school in Canada, in all probability, occupied the unique position held by Tassie's at Galt. It was Dr. Tassie's privilege to guide for many years the destiny of an educational institution which attained a renown scarcely less than continental, and which sent out to many departments of life men who have risen to high position. Nothing could be more fitting than to recognize the splendid scholarship and ability of the man who laid the foundation of higher education in Galt, and to place on record the appreciation that he received at the hands of those who once his pupils had returned to do his name honor. The occasion was worthy of Tassie and his successors, and they were worthy of the occasion.
