**WHAT FAITH CAN DO.**

It can open the windows of Heaven.  
 It can win battles that soldiers in armor would lose.  
 It can rejoice in places where hope would die.  
 It can fill the heart with peace when home, and friends, and money, and all else is taken away.  
 It can see in the dark that all is well.  
 It can look beyond the mists of the grave and see God's son walking there.
