Thursday, p.m., Sept. 26, 1901.

To-day's market was steadier with a somewhat better feeling in evidence, and stocks in general were fairly firm at the lower level and in some cases a recovery was made. This was particularly noticeable in Montreal Street, which advanced $4\frac{3}{4}$ points from to-day's lowest, closing at a slight reaction from the higher figures. Twin City and Toronto Railway were also stronger, but trading was not very heavy. The most active stocks to-day were Montreal Power, Montreal Street, Pacific and Twin City, and Montreal Street New Stock was in fair demand this afternoon. A fair amount of business was done in Montreal Cotton, around 129 to 130. Dominion Coal Common Stock remained steady, while the Preferred sold higher at $117\frac{1}{4}$.

The gross traffic earnings of the Grand Trunk, Canadian Pacific, Duluth, South Shore & Atlantic railways, and the Montreal, Toronto, Halifax and Twin City and Winnipeg street railways, up to the most recent date obtainable, compared with the corresponding period for 1899, 1900 and 1901, were as follows:
