Plow with the Premier

Sawyer-Massey Gas Tractor

The Medal Winner of Canada

The Premier Gold Medal Gas Tractor has successfully proven its practicability, economy and efficiency on the Canadian farm, particularly for plowing large acreage.

The correctness of design, the honesty of its construction, strength, power, ease of operation, durability and reliability makes it a safe and sure investment, paying large returns. You can plow more acres—plow better, with less cost of fuel and with less water than with any other, and less than the cost of plowing with horse teams. And the cost of up-keep is astonishingly small.

Plowing will soon be the order. Better write for special information about this Sawyer-Massey Gas Tractor and other Sawyer-Massey power machinery for the farm. Our catalogue will be mailed to you on request.
