---	--	---

THE SEVENTH VOLUME OF THE FARMER'S ADVOCATE

Will continue as the previous Volumes, advocating and maintaining the rights and interests of the Farmers. It has gradually gained to its present size and its large circulation, and no pains will be spared to continue its onward march as your champion. It is now the leading Agricultural Paper in Canada, and will maintain its position.

ITS EDITORIALS

Are bold and fearlessly written. No Agricultural subject has been timorously omitted, but everything of interest to Farmers has been energetically handled. ITS AGRICULTURAL CORRESPONDENTS are more numerous than that of any other paper in the Dominion. It furnishes fuller and more reliable accounts of

SEEDS, IMPLEMENTS AND STOCK

Than any other paper. The DAIRY, APIARY, ORCHARD, GARDEN and HOUSEHOLD, are all treated on. There is a highly interesting and

ATTRACTIVE YOUTH'S DEPARTMENT

Which is appreciated by the young, and is doing them good, and some old folks do not despise it. It has given, and will continue so give ILLUSTRATIONS of Stock, Seeds, Plants, Implements, &c.

NO FARMER SHOULD BE WITHOUT IT.

Many have made from \$100 to \$500 More

Than they would otherwise have done, from information given in its columns. Profanity, murders and improper articles are excluded from its pages.

The terms of the paper are \$1.00 per annum if paid in advance; \$1.25 if allowed to run in arrears. Handsome Presents are given to persons sending in Clubs. Clubs of four or more may be sent in at 75 cents, without receiving Prizes. You cannot expend \$1.00 to better advantage.

Send Subscriptions on at once. Get up a Club, and procure some of the new varieties of Seeds. Send Registered Letter to

W. WELD, London, Ontario.
