

"Buy it NOW"

EVER since the war began the tendency of people has been to postpone buying until after the war.

The result is that work has fallen off and the number of unemployed has been increased.

Many have been putting off life insurance until after the war, many who can well afford to buy it now.

It is never a true economy to postpone life insurance; every year it is dearer and life is less certain.

Above every other necessity or luxury of life come the claims of life insurance. Buy it now!

And make it a Mutual Life Policy, because in a Mutual Company there are no proprietors nor stockholders to receive special dividends. The policyholders are credited with the whole surplus.

A Horse in Harness Is Worth Two in the Stall

You lose money when you put your unpadded horses out to spring work. As soon as they begin working off their winter fat the collars hang loosely and bruise, chafe and gall them. They can't do a full day's work with raw and bleeding necks and shoulders. You lose work and make the beasts suffer needlessly. There's a remedy—use TAPATCO Pads—they

Make Your Horses Worth More Money

by enabling them to do more work. These pads keep them free from sores and blemishes so you can get more money for them if you sell them.

Filled with our own Special Composite Stuffing. Light, soft, springy and very absorbent. No dirt; no trash; no short, cheap, lumpy hair with hide attached to attract rats and mice.

TAPATCO Pads are cool and properly ventilated. They quickly absorb all sweat. The cost is only a few cents. One day's idleness of your horse would lose you more than the cost of a year's supply of TAPATCO Pads.

A great feeling!

To build—and know that what you build will stand during your own life, your children's and your grandchildren's. Yes, it's a great feeling. And aside from the pride of owning permanent buildings, there's the practical, horse-sense feeling that your money is well invested.

When you build with Preston Safe-lock Shingles and Acorn Corrugated Iron you can laugh at the elements. Wind cannot loosen shingles; storms cannot drive rain, sleet, or snow in on your grains; lightning or fire cannot wipe out at one stroke, barn, crops and cattle.

PRESTON SAFE LOCK SHINGLES

Choose your iron as carefully as we do. Your investment is at stake. So is ours. Our business depends on your good-will. To know absolutely that you will get a fair deal and become one of our friends, we apply the British Government tests to the iron we sell you. This test is harder than the storms of twenty years.

Send the coupon for these books. They deal with modern ideas of building, better lighting and ventilation, better construction and protection from fire and lightning. FREE copies of both these books will be sent to any farmer interested.
