Ask your nearest McClary's dealer to show you the "Tecumseh," the latest production from McClary's factory, world-famous as the largest stove foundry in the British Empire

Our nearest office will gladly send our booklet—"Tecumseh,"—which tells all about it. Just mail us your name and address on a post card, and mention Tecumseh.

We make also the famous Sunshine Furnace, the Florence Automatic Oil Cook Stove, and the Sofco Sunshine Pipeless Furnace, the cheapest effective soft coal heating installation yet introduced.

The famous Canadian warm-air heating installation is described in detail in our booklet "Comfort in the Home."

Our nearest office will send it if you write to-day.
