BOYS FOR FARM HELP!

The managers of DR. BARNARDO'S HOMES desire to obtain good situations with farmers throughout the country for the boys they are sending out from time to time from their London Homes. There are at present nearly 3,000 children in these Homes, receiving an industrial training and education to fit them for positions of usefulness in life; and those who are sent to Canada will be selected with the utmost care, with a view to their moral and physical suitability for Canadian farm life. Farmers requiring such help are invited to apply to

MR. ALFRED B. OWEN,

AGENT, DR. BARNARDO'S HOMES,
204 Farley Avenue, Toronto.

-- NEW --
ROSEDALE OATS

One of the Earliest and Most Productive varieties ever introduced.

This new selection of White Oats has caused a great stir in parts of Canada, where thoroughly tested the past season, and has proved to be one of the earliest and most productive varieties ever introduced. The grain is large, plump and very attractive in appearance, with thin, close-fitting husks. The straw is stiff, stands up well, and is entirely free from rust or smut. The heads differ from any other variety, being neither a branching nor a side oat, but growing closely and evenly all around the stalk. As our stock this year is limited, early orders are requested. TRUE ROSEDALE WHITE per lb., free by mail, 20c., or 5 lbs. for 60c.; per peck 50c.; bushel, \$1.50. 10 bushels or over, at \$1.25 per bushel, (Bags extra.)

DRADER'S
SPADE HARROW

The Greatest Pulverizer and Cultivator Ever Made.

The Spades are set two inches apart and have 168 sharp cutting edges, which literally chop the ground into the soil. The bearings are all hung on pivots, and will swing perfectly free, no matter what position the Harrow is in. The boxes keep out the dirt, and each has a covered oil cup. By means of the Evener Spring and Lever under the seat the driver has perfect control of his own weight over the Harrow, and can make the machine work level over any kind of ground. The Disk Harrow ridges the ground; the Spades make it smooth and level. The Cutaway Harrow Disks break; the Spades never do. This Spade is the only Harrow that will pulverize ploughed sod without turning grass up. The Spade Harrow will not clog in sticky ground; all other rotary harrows will.

N. B. We also manufacture Drader's Solid Disk Harrow, Peck's Patent I X L Windmill, the celebrated Wortman & Ward Hay Forks and Sheaf Lifters, Chamber's Patent Hay and Grain Sling, Cistern, Well, Force and Windmill Pumps, Grain Grinders, and the popular Revolving Barrel Churn. Sold in Manitoba and the Northwest by Wm. Johnston, Brandon, Manitoba, and in the Province of Quebec by R. J. Lafimer, Montreal, Que.

Send for Descriptive Circulars and Prices. Good and responsible Agents wanted everywhere.
