PROVINCIAL RIFLE ASSOCIATION.—The Rifle competition is now complete everything passed off very satisfactorily. The Gold Medal and \$80 was won by Capt. A. Fraser, 6th Pictou Co. Regt., The Medal of the National Rifle Association was won by Capt. J. G. Macdonald, 7th Pictou Co. Regt., and the Silver Medal was won by Sgt. H. S. Hunter Sergt. Eaton, 1st Kings; The Queen's Challenge Cup, with \$40, by Capt. A. Fraser, the winner of the Gold Medal; the Ladies' Challenge Cup, with \$20, by Corp'l. Stenhouse of the Dartmouth Engineers. The "All comers prize" won by the Musketry instructor of "H. M. 8th Regt.

After firing on Friday morning the competitors commenced firing for the Gen. Williams' prize worth £20, valued at £23. After a close and spirited contest, Sgt. Archibald, Robtson, 2nd Kings, W. A. and Capt. Patten, 5th Cumberland, were tied, each scoring 27. The other winners were—Lt. Hennessy, 1st Col. 28, 3rd prize; Lt. Walton, 1st Kings, 31, 2nd prize; Capt. J. G. Macdonald, 7th Pictou, H. V. A., 25, each, the 4th prize; Pt. Charles Edson, Belk. Rangers, P. L. Power, Halifax Rifles, who scored 11 points. The city prizes of \$50, \$30 and \$20, instead of the £25 cup was next completed for. The following are the successful ones.—Pt. Babo, Scot. Vol., 23 points, 1st prize; Sergt. J. C. Hunter, 1st Brigade, 29 points, 2nd prize; G. A. Sandford, H. V. A., 23 points, 3rd prize; after this the live as several competitions fired off in order to ascertain which were the best competitors for the medals in competition. This was the last resulting in Sergt. Walton making 11 points.

The City of Halifax took 17 prizes, amounting in all to \$200, King's County 9 prizes, Han's 6 prizes, Cumberland 2 prizes, Pictou 6 prizes, Colchester 11 prizes, Lunenburg 3 prizes.

On Sunday some 2000 or more competitors fired for the sweep stakes, and quite a spirited contest was kept up until the arrival of the special train shortly after 12 o'clock, with the Hon. Governor, the Vice-Regent, Mr. Doyle and the Halifax Volunteer Battalion, with their Band, and a large number of visitors. A square was formed, and His Excellency the Lieut. Governor distributed the prizes to the successful competitors.

Nothing could be more successful—the weather continued fine the whole week. The officers of the different corps were unremittant in their attention—and we must acknowledge in contributing to the great success of the weeks competition. Great praise is due to Captain Thompson, the Secretary, for his untiring efforts. These annual gatherings are of immense importance in keeping up the *Esprit de corps* of the Volunteers movement.—*Cynoslet.*

MERCANTILE ROYALTY.—The late William Murdoch, Esq., who resided in England since he left the city, and who for forty years conducted a successful business in Halifax, his adopted city, his demise in the metropolitan of the world left the following munificent bequests of the world for the Deaf and Dumb, \$25,000; Isaac Ingram (Dartmouth), \$20,000; Home for the aged, \$10,000; St. Mary's Church, the original founder, \$20,000; St. Mark's Church, \$10,000; North British Society, £1000. The total of the munificent bequests forms up £19,000 sterling.

HALIFAX SCHOOL ASSESSMENT.—The City Council by a majority of 10 to 7 has resolved to resist the enforcement of the additional tax for educational purposes. Upon this the *Colonyist* remarks:

The citizens of Halifax should speak out on this matter. The case should not be misunderstood. The objection to such the Aldermen make is not to the amount of the assessment. Neither is it if we may believe their own statements, to the manner in which the money is to be expended. Their grievance is that the poor and worshipful Aldermen are made the servants and tax-gatherers of the Commissioners of Schools! On this punctilio they would greatly increase the expenditure without making it necessary to have two distinct bodies of assessors, and all this to save the Corporation the shame indignity of adding the School Assessment to the general rate levied upon the city having to bear the odium of helping to educate the youth of Halifax. They are not at all backward in the city to any amount, provided the expenditure will be judiciously managed, and perchance, add a little grist to some Aldermanial mill, but when it comes to something which will benefit the city more than all they ever have or ever will do, they protest against it, and refuse to aid it. The citizens had better keep a close watch on these men. The noise about the assessment involves them much like the little diversions which a certain class of people are so apt to get up when they have a design upon our pockets.

ARMS FOR CANADA.—The *Times* of the 7th has the following:—"The chartered transports Norma, Harlequin, and the 31 guns of the heavy guns, wrought iron carriages, shot, shell, rockets, saddlery &c., have sailed from Woolwich Arsenal for Quebec, Montreal, and Halifax, and the G. E. Fanning's Artillery piece, is expected to sail during the week."

It will be seen by telegraph despatches from England, that three regiments have been ordered to Canada, two infantry and one cavalry. An additional regiment of mounted rifles, and the latter will probably be armed with the breech-loading rifle. It is stated that the order for the removal of the 15th Brigade of Royal Artillery from this city to Gibraltar, has been countermanded.

The *Great Eastern* is now 700 miles from here, paying out. Everything was going on well, and they expect to reach here on Saturday next.

As this remedy is so generally known and is highly esteemed to secure commendation here. It is regarded a necessity in every household, and the blood of it, especially in the case of the young men of every denomination, authors, editors, distinguished members of Congress, and many of our most distinguished men in public and private life.

Coughs, Colds, Sore Throat, &c.

Letter from Hon. D. W. Gooch, Member of Congress from Massachusetts.

Dr. E. R. KNIGHT'S—Dear Sir:

I have used Dr. Larookah's Syrup in my family for six years, and have found it an excellent remedy for Coughs, Colds, Sore Throat, and all consumptive complaints, &c. I have recommended to several who have received great benefit from its use.

Letter from a well known Boston Druggist of twenty years experience and Steward of Hancock Street M. E. Church.

Boston, March 9, 1865.

Dr. E. R. KNIGHT—Having used Larookah's Pulmonic Syrup myself and in my family for the past six years, I am prepared to say that it is the best remedy I have ever used for Whooping Cough for the positive cure of Coughs, Colds, Sore Throat and all similar complaints. As I take cold very easily, I have had great opportunity in the use of this medicine, and I can testify that it has never failed me yet, however violent the disease. Having been in the Drug business for over 20 years, I have good opportunities of knowing the value of all the various medicines sold, and pronounce "Larookah's Syrup" the best of any article ever presented to the public.

Yours, W. R. Eames, 86, Hanover St.

GROUP.

Mrs J. B. Bartis, 114 Essex St. 234 St. N. Y. writes Oct. 9, 1864: "During last winter three of my children were attacked with Croup, and from the violence of the symptoms they were pronounced to be in a dangerous condition. At the request of our pastor, Rev Mr. Stiles, I tried Larookah's Pulmonic Syrup, which promptly relieved them, and in a very short time they entirely recovered. I have since used this medicine, and can not refrain from making this testimony public."

WHOOPIING COUGH.

E. W. Mayer of Carleton, N. B. writes T. Deo. 1860: "My son, five years old, was a few months since seized with Whooping Cough. I never saw a more distressing case. I gave him Larookah's Pulmonic Syrup according to directions, and soon began to see improvement. The Cough became entirely a sleeping fever, and in the two weeks the malady was entirely overcome."

ASTHMA AND SHORTNESS OF BREATH.

Isaac H. Evans writes from Bangor, Me., under date March 21, 1865: "For some time I was afflicted with Asthma and shortness of Breath. My cough, distressed me so much that I was reduced to a mere skeleton, and my friends thought I had been tried for years. At length I tried Larookah's Pulmonic Syrup. Following your directions closely, I soon began to experience a feeling of relief, and after the use of three large bottles I was entirely well and able to follow my occupation."

BRONCHITIS AND CATARRH.

A. W. Harris, writes from "Havling's" "Eidoro," March 11, 1860: "While suffering for four years with Catarrh of the Throat, and the most aggravating forms, cured by the use of Larookah's Pulmonic Syrup. I had paid large sums to Physicians and for so called Catarrhical Remedies, until I used the Syrup I experienced no relief."

From Rev B. F. Bowles, Manchester, N. H.: "The bottle of Dr. Larookah's Pulmonic Syrup which I used for a long time, has effected very good results; for this, I would confidently recommend it."

This image shows a vertical strip of a document page, likely a page from a book or a document. The paper is heavily aged, discolored, and stained, with a dark, textured surface. A prominent, lighter, irregularly shaped area is visible in the center, possibly indicating a tear or a significant stain. The edges of the strip are jagged and uneven. On the left side, there are faint, vertical lines of text, which appear to be part of a list or index, though they are mostly illegible due to the poor condition of the document. The text is oriented vertically, running from top to bottom. The overall appearance is one of extreme age and wear.

HAIFA'S SCHOOL ASSESSMENT.—The City Council by a majority of 10 to 7 has resolved to meet the enforcement of the additional tax for Educational purposes. Upon this the *Colonist* remarks:—

The citizens of Haifa should speak out on this matter. The case should not be misunderstood. The objection which the Aldermen make is not to the amount of the assessment. Notwithstanding, if we may believe their own statements, to the manner in which the money is to be expended. Their great objection is to the extravagant and wasteful Aldermen are made the servants and tax-gatherers of the Commissioners of the Municipality. On this punctilio they would greatly increase the expenditure of the city. It is necessary to have two distinct bodies of collectors, and all this to save the Corporation the indignity of adding the School Assessment to the general rate. The city is not having to bear the odium of helping to educate the youth of Haifa. They are not at all backward in supporting the school, provided the expenditure will gratify their importunate perchance, add a little griat to some Aldermanic will, but when it comes to something which will benefit the city more than the Aldermen, or ever will, they protest against it, fearing the odium of it. The citizens had better keep a close watch on these men. The noise about the school assessment is but a smokescreen to divert attention from a certain class of people made up to get up when they have a design upon our pockets.

ARMS FOR CANADA.—The *Times* of the 7th has the following:—The chartered transports *Norma*, *Harlequin*, and *the Six Jokes*—small, heavy guns, wrought iron carriages, shot, shell, rockets, saddlery, &c., have sailed from Woolwich Arsenal for Quebec, Montreal, and Haifa, and the *G. E. Putnam*, at the Haifa Arsenal, is expected to sail during the week.

It will be seen by telegraph despatches from England, that three regiments have been ordered to Canada, two infantry and one cavalry. An additional regiment, the *Six Jokes* Mounted, the latter will probably be armed with the breech-loading rifle. It is stated that the order for the removal of the 15th Brigade of Royal Artillery from this city to Gibraltar, has been countermanded.

HEART'S CONTENT, SEP. 2.—The Atlantic Company's last year was picked up this Sunday morning at 4.40 o'clock, on Sat. 51, 52, Jan. 30, 67. The splice was made, and the lower end of the cable was cut. The *Great Eastern* is now 700 miles long, paying out. Everything was going on well, and they expected to reach here on Saturday next.

Mrs. Edw. Orser, of Brighton, Carleton Co., N. B., fed dead when in the act of milking a cow, a few days since.

George Engler, of Horton, when engaged as the master for a firing party, was wounded badly by the splinters from the target, but is likely to recover.

The August Monthly Exhibition of the Fruit Growers' Association was held at Canada, on Wednesday 22nd inst., and the following certificates of merit were granted.

Nathan was shot for the crime of working for himself, and raising a good crop. The same day, a colored man, notified a colored blacksmith, Jonathan Rogers, and several other coloured men, that they must go to work for their old masters or be killed. George Bantam received a letter from a colored man, offering him a good living by working for himself. The mass of the citizens of the country look on with indifference, the Union men dare not complain, and the colored men are silent.

A call was issued on the 21st ult., for a Convention of soldiers who sustain the Presidential policy. The meeting is to be held at Cleveland, Ohio, Sept. 17th. The call assumes that the Congressional plan of reconstruction is unconstitutional, impracticable, perilous to the government, and ungenerous.

NEW YORK, Aug. 30.—Advices from Montana state that the grasshoppers have destroyed every green thing in Deer Lodge Valley in two weeks. The damage done in two weeks is estimated at \$15,000.

A Galveston despatch dated yesterday, says that a man, named John, who was notified by the Liberals last Thursday, with the entire gang, 700 men, besides eight rifled guns, 1,000 small arms, and large amount of baggage and stores.

A STROKE OF FORTUNE.—Some weeks ago the paper published a notice of a fortune of \$100,000, which that magnitude had fallen to a resident of Stockbridge, Massachusetts, who had immediately turned it over to his daughter residing in England. The true story has just made his appearance in the person of an unpretending farmer, Mr. John Church, who lives at Westphalia, New York, some sixteen miles from the city of New York. He is a man of a net worth of \$35,000,000. Mr. Church, who is thus lifted in a moment to a place among the Rothschilds and Astors, is nearly eighty years of age, and has been married to a woman of a small farm of some twenty-five acres, and counted his wealth at most at not over two or three thousand dollars. The fortune of his daughter, who is married to a man of the name of Lewis, is nearly eight hundred and eighty thousand dollars. The fortune of the Lewis family, which includes also two large estates on the Thames, near London, Mr. Church has seven children, all of whom are married.

NEW YORK, Sept. 3.—Six new cases of cholera were reported in this city yesterday. In Brooklyn the disease was about the same as on Saturday.

NEW YORK, Sept. 3.—A despatch says Mike Murphy and five Fenian companions escaped from the common jail Saturday night.

St. John, N. B.

PULMONIC Syrup myself and in my family for the past six years, I am prepared to say that it has cured me of all my various troubles known to the positive cure of Coughs, Colds, Sore Throat and all similar complaints. As I take cold very easily, I have had great opportunity to test the virtues of this valuable medicine, and it has never failed me yet, however violent the disease. Having been in the Drug business for over 20 years, I have good opportunities of knowing the virtues of the various medicines used, and pronounce "Larookah's Syrup" the best of any article ever presented to the public.

Yours, W. R. BOWLES, 86 Hanover St.

CROUP.

Mrs J R Burtis, 114 East 23d St, N. Y. writes Oct 9, 1864: "During last winter three of my children were attacked with Croup, and from the violence of the symptoms, they were pronounced to be beyond the assistance of the skill of our pastor, Rev Mr Stiles, I tried Larookah's Pulmonic Syrup, which promptly relieved them, and in a very short time they entirely recovered and are in perfect health. I can therefore not refrain from making this testimony public."

WHOOPING COUGH.

E W Mayor of Carlisle, N B writes T. Knowlton, 1850: "My son, a fine child, was a few months since suffering greatly from Whooping Cough. I never saw a more distressing case. I gave him Larookah's Pulmonic Syrup according to the directions. He began to see improvement. The Cough became easier, the irritation fewer, and in two weeks the malady was entirely overcome."

ASTHMA AND SHORTNESS OF BREATH.

Issah H Evans writes from Bangor, Me., under date of March 21, 1861: "For several years I was afflicted with Asthma and shortness of Breath. My cough, distressed me so much that I was reduced to a mere skeleton, and my friends thought I had lost all hope. I tried Larookah's Pulmonic Syrup. Following your directions closely, I soon began to experience a feeling of relief, and after the use of three large bottles of the Syrup, I was enabled to follow my occupation.

BRONCHITIS AND CATARRH OF THE LUNGS.

A W Harris, writes from "Hialeah" "Eldorado," March 11, 1860: "Having suffered for over 20 years with a chronic Catarrh in the most aggravating forms, cured by Larookah's Pulmonic Syrup, I have been in large measure to Physicians and for so called Catarrhal Cures, until I used the Syrup I certainly enjoyed no relief."

From Rev B F Bowles, Manchester, N H: "The bottle of Dr Larookah's Pulmonic Syrup which I have used for hoarseness, with very good results; for this I would confidently recommend it."
