

\$1500 A YEAR

While the card calling for this advertisement lay upon the desk we had a call from Rev. H. P. Whidden, D.D., of Brandon College, Brandon, Man.

They want a man for their commercial department and will pay as high as \$1500 a year for the right man.

Dr. Whidden came, very naturally, to us. Our reputation for bringing commercial teachers up to the highest standard is well established by such men as J. P. Page, of Edmonton, C. W. Trace, of Arcola, J. Neilson, of Saskatoon, W. G. Bennett, of Calgary, and many others. The strongest commercial teachers in the West to-day are graduates of the Central.

What it means to a teacher to be taking a course in a school with such a reputation was made very evident to one of our present class of Commercial Specialists when we arranged an interview for him with Dr. Whidden.

It is an easy thing for a school to advertise courses for teachers. We pride ourselves on the fact that teachers are actually taking our courses, that they are being prepared for the best certificates obtainable, that we enjoy the confidence of the foremost educators in Canada.

It will pay you to learn of the possibilities of these courses. We take a particular interest in the inquiries of teachers.
