

Jaeger Wool Garments are non-conductors of heat and cold so that they are equally comfortable in any weather.

Persons wearing Jaeger Wool Garments are not readily affected by sudden changes of temperature, and are much less susceptible to colds.

And just as a warm winter house is usually cool in summer, so Jaeger pure wool Garments, the coolest, most comfortable and most hygienic wear for warm weather are also the coziest, the warmest on cold days.

A fully illustrated catalogue will be sent free on application to
