

"There's Positive Protection that Costs me nothing."

It's the most saving investment I have ever made. Every building protected for years against certain decay. Roofs and Walls that cannot leak, warp, dry out, rot or catch fire. And this protection costs me nothing for repairs and keeps my buildings from lessening in value. Not even a bumper crop yield means as much to me as what I save year after year with

PEDLAR'S "PERFECT" SHEET-METAL PRODUCTS

See those handsome Pedlar "George" Shingles, two feet square? Been on my barn for years. Safe as a solid sheet of steel. Spark proof, lightning proof, cannot leak or warp, split or pull loose. Locks securely and weather-tight on all four sides.

Notice that durable Pedlar Corrugated Iron Siding. No sign of crack or rust after all these years of usage. Easy to put on. Pedlar's "Oshawa" House Shingles bring safety to my home and hearthstone. See how fine and neat they stay. There's permanence and safety, too.

Pedlar's Steel Brace "Wardle Patent" Barn gives added roominess and permanence to barn construction. Pedlar's "Perfect" Silo Covers make continued good service a certainty. Pedlar's "Superior" Barn Ventilators bring air aplenty, and with ventilation even and under full control. Pedlar's "Perfect" Garage gives me a safe, dependable covering for my car for years to come. Pedlar's "Perfect" 

Culverts make repairs or replacement unnecessary for years—cannot rust, nor rot, nor corrode.

On all my farm buildings and improvements Pedlar's "Perfect" Sheet Metal Products bring positive protection that pays for their cost in what they save me in repairs and security.

Don't Let Cost Mislead You

When you figure you can erect Pedlar's "Perfect" Products in a very short time yourself without special help, you will understand why they actually cost less than ordinary, wasteful, decaying wooden construction. Add to that the saving in repairs, decay and replacement and the real value of Pedlar's Products begins to show itself.

Whether you are interested in one or all of Pedlar's Products, check them off on the coupon attached and we will gladly send you, without delay or obligation, literature and free working plans, which give full information.
