

Bull, any age, shown by amateur exhibitor—1. Chase, "silver Mist"; 2. Birkwill, "King James"; 3. Wright, "Clarence"; 4. Senior and Grand Champion Bull—Elliot, on "Newton Loyalist." Junior champion, on "Newton Perfection." It will be noticed from the above awards that in the class for bull calves July 1, 1917, to December 31, 1917, Barron's "Star of Hope," junior champion nearly all round the circuit, went down to Elliott's "Newton Perfection," which had taken second place at the four previous shows. It was difficult to see the judge's reason for this placing.

Females

Aged cows.—1, Elliott, "Rosa Lady"; 2 and 3, Barron, "Baroness Queen"; 4 and 5, Chase, on "Jubilee Queen"; 6 and 6, Chase, on "Moss Rose" and "Handsome Girl"; 5, Wright, on "Rosa Lady 41." Wright's entry might easily have gone up to fourth place; she is a good bredly looking cow, a trifle small, but very attractive.

Heifer calved July 1, 1915, to June 30, 1916.—1 and 2, Elliott, on "Rosa Hope"; 3 and 4, Chase, on "Queen Emmeline"; 5 and 6, Barron, on "Lady Isabel" and "Lavender 46th."

Heifer, calved July 1, 1916, to June 30, 1917.—1 and 2, Barron, on "Oakland Baroness" and "Cinder's Gem"; 3 and 4, Elliott, on "Emma" and "Graceful Lady"; 5 and 6, Wright, "Miss Princess" and "Augusta Veranoise." Exhibitors' class.—1, Barron, 2 and 3, Elliott; 4 and 5, Chase.

The surprise of the whole circuit came in the heifer class, heifer, calved July 1, 1917, to December 31, 1917, when Barron's "Lavender 47th," which had been at the top of her class at all the previous shows, as well as junior champion, went down to Elliott's "Orange Maid." The last named heifer has never been higher on than third place at any western show, with the exception of Edmonton, where she went second. It was impossible for any reason for the judge placing her at the top here. Elliott's was 3 and 5, with "Augusta of Lanark" and "Princess fauntleroy" and Barron 4 on "White Heifer."

Heifer, calved on or before January 1, 1918.—1, Elliott, "Brawith Rose"; 2, Barron, "Fairview Princess"; 3 and 5, Chase, on "White Rose" and "Silver Girl"; 4, Wright, on "Mountain Maid."

Amateur's class.—1, 3 and 4, Chase; 2, Wright, senior and grand champion and senior reserve female, Elliott, on "Rosa

Hope 21st" and "Roan Lady," junior champion. Barron, "Oakland Baroness"; reserve. Elliott, "Grange Maid," reserve. Groups.—Elliott, "Oakland Baroness"—1, Barron; 2, Elliott; 3, Chase. Graded herd—1, Elliott; 2, Barron; 3, Chase. Junior herd—1, Barron; 2, Elliott; 3, Chase. Three, either sex, bred by exhibitor—1, Elliott; 2, Barron; 3, Chase. Three, the get of one bull—1, Barron; 2, Elliott; 3, Chase. Two, the progeny of one cow—1, Barron; 2, Elliott; 3, Chase.

HEREFORDS

The six exhibitors of Herefords at Brandon came on to Regina to fight matters out before a new judge. In addition to the entries of Clifford, Oshawa; Curtice, Calgary; Chapman, Harnfield, Man.; Moffat, Carroll, Man., and Fuller, Gresham, Sask., there were one or two entries from A. M. Brock, Wood Mountain, Sask., and W. S. Shore, Copar.

Quite a few changes of placings from the Brandon show were in evidence here; and some of them by no means met with the approval of either the exhibitors or

1916, to June 8, 1917, to June 15, 1917, to June 22, 1917, to June 29, 1917, to July 6, 1917, to July 13, 1917, to July 20, 1917, to July 27, 1917, to August 3, 1917, to August 10, 1917, to August 17, 1917, to August 24, 1917, to August 31, 1917, to September 7, 1917, to September 14, 1917, to September 21, 1917, to September 28, 1917, to October 5, 1917, to October 12, 1917, to October 19, 1917, 10, 1923, to February 17, 1923, to February 24, 1923, to March 2, 1923, to March 9, 1923, to March 16, 1923, to March 23, 1923, to March 30, 1923, to April 6, 1923, to April 13, 1923, to April 20, 1923, to April 27, 1923, to May 4, 1923, to May 11, 1923, to May 18, 1923, to May 25, 1923, to June 1, 1923, to June 8, 1923, to June 15, 1923, to June 22, 1923, to June 29, 1923, to July 6, 1923, to July 13, 1923, to July 20, 1923, to July 27, 1923, to August 3, 1923, to August 10, 1923, to August 17, 1923, to August 24, 1923, to August 31, 1923, to September 7, 1923, to September 14, 1923, to September 21, 1923, to September 28, 1923, to October 5, 1923, to October 12, 1923, to October 19, 1923, to October 26, 1923, to November 2, 1923, to November 9, 1923, to November 16, 1923, to November 23, 1923, to November 30, 1923, to December 7, 1923, to December 14, 1923, to December 21, 1923, to December 28, 1923, to January 4, 1924, to January 11, 1924, to January 18, 1924, to January 25, 1924, to February 1, 1924, to February

There was also a change in the aged cow class, where Moffat, who was second at Brandon with "Alto Belle," went down to fifth place here, and the same exhibitor's entry, "Lady Britisher," unplaced at Brandon, was in third place here. The first-named cow is also a little off color as far as the nose is concerned.

In the troop class for graded herd, Clifford, who has won this class all round the circuit, was placed second, owing to lack of uniformity in his animals. It was difficult to fall in line with this placing. The full awards are as follows:

Agred bulls.—1, Curtice, "Beau Perfection 48th"; 2, Moffat, "Byron Fairfax"; 3, Chapman, "Mark Fairfax"; 4, Clifford, "Brax Head 6th."

Bull, calved July 4, 1915, to June 30, 1916—1, Curtice, "Bean Donald 192"; 2, Chapman, "Bean Major"; 3, Clifford, "Bean Gaston."

Bull, July 1, 1916, to June 30, 1917. 1. Moffat, "Don Fairfax"; 2. Chapman, "Hiram Major 2nd."

1. Bull, calving July 1, 1917, to December
 31, 1917 -- 1. Curtis, "Beau Donald 215"
 2. Fuller, "Brittishem, Fairfax" 3. Clifford,
 "Alvin, Fairfax, 2nd."

Bull, calved on or after Jan. 1, 1918—
1, Curtice, "Beau Donald 197"; 2 and 3,
Chapman, "Beau Fairfax" and "Albert Fair-
fax"; 4, Moffat, "Beau Fairfax".

THE STINSON
18-36
TRACTOR

In the **Simsco 18-38 Kerosene Tractor** you will find the very latest ideas in tractor building. For example, all gears, including final drive gears, are enclosed in a dustproof housing and operate in a bath of oil. This is most important, for on account of the hard work these gears have to do, they must be protected from wear of dirt and dirt.

This feature alone adds years to the life of a tractor and, combined with the many other advanced features found in the **Simsco**, makes it the one best tractor to buy to-day.

The four-cylinder valve-in-head motor of the heavy duty tractor type, is a kerosene burning engine.

Frame is made of one-piece semi-steel, rigid and strong, main bearings are machined right in the frame.

Heavy duty Hyatt roller bearings used throughout gives longer life to a tractor. Carburetor is equipped with patent **Simsco** dust separator, which separates the dust from the air through water—an exclusive feature in the **Simsco** tractor.

SOLD AT FACTORY COST

This tractor was sold for \$2,000.00 January 1st, 1919, at factory, to the American farmer, and, as yet, the price has not been raised.

At Regina, the price is \$400.00 more—the actual freight weight. There is not one cent of profit added to the factory price. Think what a saving this means for you in the purchase of your tractor.

INVESTIGATE THE STINSON

INVESTIGATE THE STINSON
For power, speed, fuel economy, protection of gears, simplicity, durability and ease of operation. The Stinson has no equal. No tractor of any size or weight has equalled its performance in the field. Get the facts in-day, direct from your own organization.
