

# SPRING IMPURITIES IN THE BLOOD

### Make the Use of a Tonic Medicine a Necessity

Dr. Williams' Pink Pills are an all year round tonic blood-builder, and nerve-restorer. But they are especially valuable in the spring when the system is loaded with impurities as a result of the indoor life of the long winter months. There is no other season when the blood is really so much in need of purifying and enriching, and every dose of these Pills helps to make new, rich, red blood. In the spring one feels tired and weak—Dr. Williams' Pink Pills give strength. In the spring the appetite is often poor—Dr. Williams' Pink Pills develop the appetite, tone the stomach and aid weak digestion. It is in the spring that poisons in the blood find an outlet in disfiguring pimples, eruptions and boils—Dr. Williams' Pink Pills speedily clear the skin because they go to the root of the trouble in the blood. In the spring anemia, rheumatism, neuralgia, and many other troubles are most persistent because of poor weak blood, and it is at this time, when all nature regains life, that the blood most seriously needs attention. To improve and fortify the blood is the special mission of Dr. Williams' Pink Pills, and that is why they are the best spring medicine in existence. If you feel the need of a medicine this spring give Dr. Williams' Pink Pills a fair trial and you will rejoice in new health, new strength and new energy, and will be especially fitted to stand the torrid heat which comes a little later.

These Pills are sold by all medicine dealers or sent by mail at 50 cents a box, or six boxes for \$2.50 by The Dr. Williams' Medicine Co., Brockville, Ont.

### CORONATION FILMS.

An invention has been made making it possible to transmit cinematograph pictures by wire and an experimental trial is to be made on coronation day. An attempt will be made to send views of the great event from London to Paris, and if it is successfully accomplished the Parisian picture theatres a few hours later. The inventor of the "Cinotelegraph," as it is termed, has been ten years completing his apparatus, and has but lately succeeded in transmitting overland a film two hundred feet in length over a distance of thirty miles. The coronation film, which it is the inventor's intention to transmit to Paris, will show the progress of the King and Queen from Buckingham Palace to the entrance of the Abbey.

### WIDOWS AND WIDOWERS.

The proportion of remarriages shows an almost continuous decrease, says the British Registrar-General in his report on the births, deaths and marriages in England and Wales during 1909. The number of widows, he states, is always much greater than that of widowers, because in the first place men marry later in life than women; secondly, because the duration of male life is shorter than that of female life, and thirdly, because the proportion of widows who remarry is much lower than the proportion of widowers who remarry. Marriages of persons described as divorced have steadily increased and in the year 1909 were the highest on record.

### THE BEST MEDICINE SO MOTHERS SAY

Mothers say Baby's Own Tablets are the very best medicine they can give their little ones. It is the happy experience of one mother that helps others to keep their little ones well. Thousands of mothers have found the Tablets a never-failing cure for the ailments that afflict their little ones. Mrs. E. Sandwell, Coldwater, Ont., says: "I find Baby's Own Tablets the best medicine any mother can give her little ones. I tried 'soothing' mixtures, but they did not help my baby, but as soon as I began giving him the Tablets they made his teething easy and I would hardly know he was cutting a tooth. I would not be without the Tablets, and always recommend them to my friends." Baby's Own Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Mrs. Newlywed—"Before we were married you said that my slightest wish should be your law." Mr. Newlywed—"Exactly, my love; but you have so many vigorous and well-developed wishes that I am as yet unable to decide as to which is the slightest."

Jones (with indignation)—"I hadn't been talking to that man Brown ten minutes when he called me a fool." Smith—"Ah! Took him ten minutes to find it out, did it?"

### CAVES IN EAST AFRICA. Discovery of a Great Cavern 3,300 Feet in Length.

A remarkable system of subterranean caves in German East Africa has been discovered and partly explored by Father Ambrosius, a Roman Catholic missionary, and Herr Thurmman, a German official. The caves are situated in the Matumbi Mountains and natives never ventured further than a small grotto, the first one encountered, as they said an evil spirit dwelt within. The two explorers discovered a hole at the end of this grotto which led to a great cavern 3,300 feet in length, filled with deep pools in which strange eel-like fish lived. Stalactites and stalagmites 25 feet in length were plentiful here. Further searches resulted in the discovery of other huge caves at deeper levels. A second level lay 150 feet deeper, a third 60 feet below the second, and a fourth 90 feet below the third. From this the explorers had to retreat, as thousands of bats attacked them, and their lanterns were in danger of being extinguished by these creatures.

### AN UNREDEEMED PLEDGE.

An incident not without pathos occurred toward the end of last week at a sale of unredeemed pledges at the Mont de Piété, Paris, says the London Globe. There were sold by auction a child's drinking cup, plate, spoon and knife and fork. Fifty-one years ago these souvenirs were deposited in the Paris municipal pawnshop. Every year since the interest has been paid regularly and the right of redemption secured, but the family never seem to have possessed the necessary 15 or 20 francs to resume possession. Evidently the poor people are either dead or have become more needy. Two years ago the interest ceased to be paid, but, the department, to their credit, abstained from selling these "lares and penates." Several letters were addressed at the last known residence and to other places where the pawnners have lived, but they have come back marked "Inconnu." The sands of the glass have run out and the objects so carefully guarded for half a century have been sold.

### UNNATURAL THINNESS EASILY CORRECTED.

By Clever Prescription Which Can Be Filled at Any Drug Store. No Need to Be Thin Now as Reports Show This Method Effective.

People who are very thin and scrawny ought not to be so. Undoubtedly they are more subject to disease and contagions than the normally fleshy. Thinness is usually accompanied by weakness, and weakness subjects anyone to colds, coughs, consumption, pneumonia, etc. It has been discovered, almost by accident, that a tincture cadomene, when combined in a prescription with proper accelerative medicines, becomes one of the most valuable, effective, and reliable nutritive and flesh-making medicines known to science. It is especially beneficial to men and women between the ages of sixteen and fifty-five, who from lack of proper nerve force and digestion, remain thin and undeveloped in body, limbs, arms and chest. A well rounded symmetrical figure in man or woman indicates health, magnetism, stamina and happiness. The reader who wishes to add from ten to forty pounds should not fail to begin with this valuable prescription. First, obtain from any well stocked druggist, three ounces of essence of pepper and three ounces of syrup of rhuibarbar in an 8 oz. bottle. Then add one ounce compound essence cardiol. Shake and let stand two hours. Then add one ounce tincture cadomene compound (known to you). Shake well and take one teaspoonful before each meal, one after each meal. Drink plenty of water between meals and when retiring. Keep up this treatment regularly and of a certainty from one to three pounds will be added to the weight each week, and the general health will also improve.

### FOOLHARDY SNAKE KEEPER.

The only fatal case of snake bite on record in the London Zoological Gardens was directly due to the foolishness of the victim. He was in charge of the snakes, and coming in one morning with some friends began to boast of his power over the creatures and the extent they would submit to be played with by one whom they knew. This led to practical experiments, the over-confident keeper taking an Indian cobra from its comfortable sleeping place, and declaring he was a snake charmer proceeded to swing it about his head and play other tricks with it. A native snake charmer would have known there was no certain way to rouse the snake's temper than this, for the race abhors rough handling or sudden movement of any sort. The result of the exploit was that the keeper was bitten on the nose. He was hurried off to the hospital, but died in a few hours.

### U. S. TIMBER FIGURES.

Last year over 55,000,000,000 feet of timber were cut in the United States. More than 18,000 acres of timber are cut in the United States every working day. At the present rate of consumption the desirable and accessible timber of the country will be exhausted in between twenty-five and thirty-five years. To supply a paper like the Chicago Tribune with paper for one year requires over 2,000 acres of timber. Servants treated better.

### SUFFERED SINCE HER CHILDHOOD

### BUT DODD'S KIDNEY PILLS MADE MRS. LAPRAIRIE A NEW WOMAN.

Nipissing Lady gives an experience that should prove of immense value to the suffering women of Canada.

Laprairieville, Nipissing District, Ont., April 17 (Special).—After suffering from various forms of kidney ills since she was a child, Mrs. O. Laprairie is a well woman and once more it has been proved that no case of Kidney Trouble is too severe or of too long standing for Dodd's Kidney Pills to cure.

Interviewed regarding her cure, Mrs. Laprairie said: "Since I was twelve years of age I have suffered from Kidney Disease. I was always tired. My back would ache and I always had a sharp pain in the top part of my head. My heart also troubled me. "Hearing of Dodd's Kidney Pills, I gave them a trial, and now I feel like a new woman."

Thousands of Canadian men and women are feeling just as Mrs. Laprairie does—as if life had started all over for them—just because they have cured their kidneys with Dodd's Kidney Pills. For the kidneys are the mainspring of life. If they are clogged or out of order the whole body is wrong. Dodd's Kidney Pills always put the kidneys in good working order.

"Ah! So that is the oldest inhabitant?" said the city man. "How do you account for his having lived all these years?" "Well," a trifle acidly replied the landlord of the Skeedee Tavern, "I guess it's 'b'us he's never done anything else."

Hope for the Chronic Dyspeptic.—Through lack of consideration of the body's needs many persons allow disorders of the digestive apparatus to endure until they become chronic, filling days and nights with suffering. To these a course of Parmelee's Vegetable Pills is recommended as a sure and speedy way to regain health. These pills are specially compounded to combat dyspepsia and the many ills that follow in its train, and they are successful always.

Mother—"Tommy, what's your little brother crying so much about?" Tommy—"Cause I'm eatin' my cake an' won't give him any." "Is his own cake finished?" "Yes, an' he cried while I was eatin' that, too."

Only the uninformed endure the agony of corns. The knowing ones apply Holloway's Corn Cure and get relief.

Conceited Young Man—"I wonder why that young lady over there looks at me so much?" Sarcastic Young Lady—"She has weak eyes, and the doctor told her to relieve them by looking at something green."

Professor—"Which is the most delicate of the senses?" Pupil—"The touch." Professor—"Prove it." Pupil—"When you sit on a pin you can't see it, you can't hear it, you can't taste it, and you can't smell it, but you know it's there."

It is in Demand.—So great is the demand for Dr. Thomas' Eclectic Oil that a large factory is kept continually busy making and bottling it. To be in demand shows popular appreciation of this preparation, which stands at the head of proprietary compounds as the leading Oil in the market, and it is generally admitted that it is deserving of the lead.

"Ever been in Siberia?" asked the reporter. "Er—yes," answered the distinguished Russian refugee, "I took a knocking there one summer."

### LIMITATION OF ARMAMENT.

#### Exchange of Information With Germany Will Tend That Way.

Replying to a question in the British House of Commons the other day, Sir Edward Grey, secretary of foreign affairs, said that the Imperial Chancellor, Von Bethmann-Hollweg, in his speech in the German Reichstag on disarmament, expressly accepted the idea of an exchange of information between Great Britain and Germany on the subject of naval construction. Sir Edward thought that such an exchange was not only practicable but desirable. He added that, in so far as an exchange of information tended to allay suspicion, it would have an effect on the expenditure of the two countries for armament.

### CHINESE BOY EMPEROR.

An American doctor recently visited the palace at Peking to examine the baby Emperor, who, it was found had gorged himself with a meal of swallows' nests (a sort of glutinous material) and thus provoked a raging thirst. The indisposition yielded easily to the doctor's treatment. The Emperor, he says, sleeps in a gigantic bed, big enough for six people. He rises at six o'clock, at once has a meal of rice, and then goes to pay his respects to the Dowager Lung-yu, who is on most affectionate terms with him. Even his own father and mother have to kneel to him when they visit him. A Chinese nurse named Mrs. Chang, aged 45, carries him about all day, and sleeps in a small bed by the side of his. The Emperor's rooms are full of expensive toys.

### IMPOSSIBLE.

"Do you love your papa?" asked the minister. "Yes, sir," replied Willie. "And do you obey him?" "Yes, sir." "And now comes the most important question of all. Do you honor him?" "How can I if he is the kind of man ma keeps on telling him he is?"

"For 14 or 15 years I had Kidney or Bladder trouble, suffering at times intense pain. I doctored continually but nothing gave me permanent relief until I was persuaded to try Gin Pills. "Within a couple of days I received great relief, and after taking one box was completely cured." Mrs. A. SIMPSON. Write National Drug and Chemical Co. (Dept. ### DEFECTIVE.

Little Madge is only five years old, but she has such a large experience of dolls that she feels herself to be something of a connoisseur in children.

Recently there came a real live baby into the house. When it was put into her arms, this real live baby, the five-year-old surveyed it with a critical eye.

"Isn't that a nice baby?" cried the nurse, with the joyous pride with which a nurse always regards a new baby, in which she feels that she has a proprietary interest. "Yes," replied the little girl hesitatingly, "it's nice, but its head's loose?"

### SPRING SKIN TROUBLES

#### Pimples, Eruptions and "Spotty Complexions."

At this season, scores of people—girls and young women especially—find their faces disfigured by pimples, dark spots, eruptions, etc. The skin needs attention—needs renovating after the trying time it has passed through during the winter.

Just think what it has gone through! You have been out in rain and sleet and snow. You have been at one moment perspiring from skating, or some other exertion. Then you have stood to "cool off." You have spent hours of the day indoors at a temperature equal to summer heat. Then you have covered up your skin—except your face—and gone out into a temperature away below zero! No wonder that, with all these changes, the skin of the face and neck shows signs of needing attention.

Zam-Buk and Zam-Buk Soap are the remedies. Smear Zam-Buk lightly over the spots, the eruptions, the scaly patches, at night, and wash with Zam-Buk Soap (only 25c. per tablet). Then notice how quickly your appearance improves. Zam-Buk is also a sure cure for skin injuries and diseases. Eczema, ulcers, ringworm, yield to its use. For cuts, burns, bruises, children's rashes, etc., it is unequalled, and for piles. Mothers will find Zam-Buk Soap best for baby's bath! All druggists and stores at 50c. box for Zam-Buk and 25c. tablet (or 3 for 70c.) for the Soap. If you have any difficulty in obtaining, order from Zam-Buk Co., Toronto, and send price.

Charitable Man (to former blind beggar)—"What, have you recovered your sight?" Beggar—"Well, you see, it's this way—I've lost my dog, and as I cannot be blind any longer, I've become a deaf mute."

Some persons are more susceptible to colds than others, contracting derangements of the pulmonary organs from the slightest causes. These should always have at hand a bottle of Bickle's Anti-Consumptive Syrup, the present day sovereign remedy for coughs, catarrh and inflammation of the lungs. It will effect a cure no matter how severe the cold may be. You cannot afford to be without a remedy like Bickle's, for it is the best.

"Why do ye look so sorryful, Dennis?" asked one man of another. "I just hear-r-rd wan man call another a liar. And the man that was called a liar said the other man would have to apologize or there would be a fight." "And why should that make you look sad?" "The other man apologized!"

I consider MINARD'S LINIMENT the BEST Liniment in use. I got my foot badly jammed lately. I bathed it well with MINARD'S LINIMENT, and it was as well as ever next day. Yours very truly, T. G. McMULLEN.

### ADMITTED HIS ERROR.

One of the neatest of parliamentary apologies, says a writer in the London Chronicle, was that of an irate member of the House who described another as "not having the manners of a pig."

At the cry of "Withdraw!" he did so. "I withdraw and apologize," and beg to say that honorable member has the manners of a pig."

Suitor—"Why do you object to my marrying your daughter?" Father—"Because you can't support her in the style she's been accustomed to all her life." Suitor—"How do you know I can't? I can start her on bread and milk, the same as you did."
