

### TOO LITTLE BLOOD.

The Cause of Nearly All the Everyday Ailments of Life.

Too little blood—that is what makes men and women look pale and feel languid. That is what makes them drag along, always tired, never real hungry, unable to digest their food, breathless and palpitating at the heart after slight exertion, so that it is wearisome even to go upstairs. Doctors tell them that they are "anaemic"—the plain English being too little blood. If your face is pale or sallow, if your gums are pale instead of being scarlet, if you are easily tired and frequently despondent; if you do not relish your meals, and small matters irritate you, it is a sign that your blood is thin and watery and that you are on the verge of a complete breakdown.

More weak, anaemic people have been made strong, energetic and cheerful by taking Dr. Williams' Pink Pills than by any other means. They actually make new blood, which reaches every part of the body, braces the nerves and brings new health and new strength. The case of Miss Nellie Welch, Essex, Ont., is proof of the great curative powers of Dr. Williams' Pink Pills. Miss Welch says: "A few years ago I was going into what my friends believed to be a hopeless decline. I was subject to severe headaches, had no appetite, was pale and grew distressingly weak. I tried several doctors, some of whom we counted the best in this part of the country, but they failed to help me. At last my heart grew so weak and I was so nervous and thin that I had to take to my bed and the doctor held out but little hope for my recovery. Like others, I had often read of Dr. Williams' Pink Pills, and though the doctor opposed my taking them I determined to give them a trial, as I felt I might as well be dead as to be living in the misery I was in. In a month after beginning to take the pills I was up and around again, and steadily growing stronger until I was again enjoying the blessing of perfect health. Several years have since elapsed and my health has been the very best. It is therefore with great gratitude that I write you in the hope that my experience may be of benefit to some other sufferer."

Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

"Does your wife go to services to see what other women wear?"  
"No," replied Mr. Curmox, "we are not sufficiently prosperous for her to go in order to let other women see what she wears."

### THE WORLD'S ARMIES.

Enormous Economic Loss to the Productive Industries

The eighteen countries of South and Central America and Mexico, with a population of 53,924,859 people, have regular armies amounting to 188,954 men, or one soldier to every 288 inhabitants, says the Los Angeles Times.

The United States of America had in the year 1900 a population of 83,026,000 and a regular army of 60,476, or one soldier to every 1370 inhabitants.

Japan and Korea, with a population of 51,176,902, have a regular army of 214,200 men, or one soldier to every 240 people.

There are no reliable statistics concerning China, although its population is estimated at 400,000,000, and its army only 100,000, or one soldier to every 40,000 people.

India has a population of 231,899,507, with a regular army of 75,486, or one soldier to every 3070 people.

Australia has a population of 4,759,495 and a regular army of 33,053 or one soldier to every 144 people.

Turkey, Bulgaria and Egypt have a population of 38,478,383, with a regular army of 444,994, or one soldier to every 104 inhabitants.

Of European countries peaceful little Switzerland appears to have the largest armed force proportionately. She has one soldier to every 23 people. France has one soldier to every 51 people. Germany and Sweden have each one soldier to every 90 people. The other countries range between 110 people in Russia to 170 people in Great Britain to every soldier.

It costs the people of Great Britain \$3.98 per annum per capita of population to maintain her army on a peace footing. It costs France \$3.48 per capita, and Germany \$2.05 per capita. The cost to the United States is but 94 cents per capita. The reserved force of every European nation is very great in proportion to the number of soldiers in the regular army.

### EVERY PLACE ON THE WIDE PRAIRIES

TELLS OF CURES MADE BY DODD'S KIDNEY PILLS.

They Griffin, of Peace River Landing, tells how he got rid of his Rheumatism—honestly earned popularity.

Cold Springs, Peace River Landing, Alta., Oct. 30 (Special).—Just why Dodd's Kidney Pills retain their wonderful popularity is easily shown by a trip across the prairies. Every town, village and post-office has at least one man or woman who is ready to tell of pains relieved and health restored by the great Canadian Kidney Remedy. Let Thos. Griffin of this place add his statement to the hosts already published.

"When I came to this part of the country," says Mr. Griffin, "I was troubled with a bad back and hips. I sent for six boxes of Dodd's Kidney Pills and they gave me relief at once. I also recommended them to my eldest son, who was confined to his bed from Rheumatism. 'Now I know that Dodd's Kidney Pills are the best medicine for Rheumatism and the Kidneys. I recommend them to every person I hear complaining of not feeling well.'"

Dodd's Kidney Pills made their popularity by curing sick kidneys. They keep their popularity by keeping on curing sick kidneys.

APPROPRIATE PAIN. "Our jail warden has a most professional affliction." "What is it?" "He has a felon on his hands."

The Real Liver Pill—A torpid liver means a disordered system, mental depression, lassitude and in the end, if care be not taken, a chronic state of debility. The very best medicine to arouse the liver to healthy action is Parmelee's Vegetable Pills. They are compounded of purely vegetable substances of careful selection and no other pills have their fine qualities. They do not gripe or pain and they are agreeable to the most sensitive stomach.

A SHOCKING FIGURE. Tallman—"Does Dr. Razzo give electric treatments?" Shorter—"No; but his fee has the same effect as a powerful current."

VERY MUCH SO. Arde & Lover—Uarest, when I gaze in to your soulful eyes I feel myself transported into a higher sphere, and my heart cries out to you with a great yearning. Miss Boston—Really? How interesting!

PROFESSIONAL PRIDE. The Judge—Then you acknowledge having robbed the safe. Were you assisted by anyone? "No, indeed, yer honor. I've bin in perdition for nineteen year an' ain't never collaborated with nobody."

The most obstinate coras and warts fail to resist Holloway's Corn Cure. Try it.

OPINIONS DIFFER. "At what age, doctor," asks the caller, "do women begin to notice the men?" "Well," replied the great savant, "on that point there is a difference of opinion among the authorities. Some of them assert that the female child notices the opposite sex when one day old, while the rest claim she does not until she is at least forty-eight hours old."

The world doesn't ask how you got there after you arrive.

### CURIOUS CUSTOMS.

Primitive Ideas of Hygiene in Some Parts of the World.

Hindu ambassadors once sent to England by a native Prince were regarded as so polluted that on their return to India nothing but being born again would purify them, and they were accordingly dragged through a gold image of the sacred Yoni.

A writer describes a curious custom of the Baretse in South Africa. A few days after the death of a man the doctor comes and makes an incision on the forehead of each of the survivors of his relatives and fills it with medicine to ward off the contagion and the effect of the sorcery that caused his death.

Loland calls attention to a custom of taking medicines on the threshold in ancient Tuscan, the idea being that the threshold was the border line between the outer world where evil spirits freely roam.

If a person dies within an Eskimo hut everything in the hut must be destroyed or thrown away, as well as everything which had come into contact with the deceased.

**Chopped Hands** AND Cold Sores

Are your hands chapped, cracked or sore? Have you "cold cracks" which open and bleed when the skin is drawn tight? Have you a cold sore, frost bite, chilblains, or a "raw" sore, which at times makes it agony for you to go about your household duties? If so, Zam-Buk will give you relief, and will heal the frost-damaged skin. Anoint the sore places at night, Zam-Buk's rich healing essences will sink into the wounds, end the smarting, and will heal quickly.

Mrs. Yellen, of Portland, says: "My hands were so sore and cracked that it was agony to put them near water. When I did so they would smart and burn as if I had scalded them. I seemed quite unable to get relief from anything I put on them until I tried Zam-Buk, and in an hour the big cracks, gave me ease, soothed the inflammation, and in a very short time healed my hands."

Zam-Buk also cures chapping, rashes, winter eczema, piles, ulcers, festering sores, sore throats and boils, abscesses, pimples, ringworm, etc. cuts, burns, bruises, scalds, sprains. Of oil droplets and stores, or post free from the Zam-Buk Co., Toronto. Price 50c a box.

### BONDS

A NON-SPECULATIVE INVESTMENT

There is no element of speculation in the purchase of a Bond. This does not mean that the value of your holdings cannot increase. It means that the element of risk and the chance of loss are practically eliminated.

Many, in fact, most of the Bond issues we have offered our customers in the past have appreciated in value. The demand for a certain bond, paying a good rate of interest and of unquestionable security, forces the price up in the same manner as an increasing demand forces up the price of any commodity.

We would like to send literature to any one interested in this safe and profitable form of investment.
