Mr. Verville (Labor, Maisonneuve) said the Borden Government was fond of juggling with millions. Last session it was \$55,000,000 and this session \$45,000,000. He argued in favor of nationalizing the railways and pointed to the success of nationalization in Europe and Australia.

Mr. Foster (Con., Kings, N.S.), while supporting the Government, urged that the resolution be so amended as to compel the C.N.R. to withdraw their steamers from the North Atlantic combine. With these two vessels to begin with, the Government might char'er others and thus secure lower ocean rates.

BRICK PAVING

Editor of The Ontario,—
Dear Sir,—In yesterday's Mail and Empire will be found an article setting forth some of the unrivalled qual

ment. I feel that I am warranted in saying that the case I put up in favor of Vitrified Brick pavements for Belleville was and is now unanswerable and as an evidence of this no one either in the council or out of it ever attempted to controver the evidence I brought forward. Notwithstanding this our council has adopted what may be fittingly called a macadam with an asphalt binder, which will last just about the same length of time as a good water bound macadam. Its life as far as the surface is concerned will be the life of the ment. I feel that I am warranted in

Heavy Damage Is Threatened In Northern Muskoka.

SUMMER HOUSES IN PERIL

News Has Been Received of Total Destruction of Mill at Axe Lake and Workmen Are Battling Hard to Save the Company's Camps

HUNTSVILLE, May 26.—Not even during the midsummer drought of last year when forest fires raged so dercely was there felt the same measure of anxiety as is being shown during the present time in this vicinity. No rain has fallen for two weeks, and No rain has fallen for two weeks, and fires appear to be raging in nearly every direction. Monday word was received that the Axe Lake Mill of the Muskoka Wood Manufacturing Co. was totally destroyed, and that a fire was raging in their limits. Yesterday large gangs of men were battling heroically to save the company's camps and to stay the progress of the flames. Word has just been received also that the forest in the vicinity of Sand Lake is ablaze, and summer residents have been rushing out in au-Parliament.

In the Senate yesterday a petition of the Chateau Frontenac waiters against the anti-tipping bill of Senator Davis was read. It stated that should tipping be made illegal waiters would be fortunate if proprietors paid salaries of \$75 per month, and upon that a man with a family could not live and dress as a waiter was sidents have been rushing out in au-tomobiles to make an effort to save their summer homes.

In the Townships of Stisted and Chaffey, the farmers are working as organized bands in seeking to stay the progress of the flames, but despite their efforts the high wind is driving the fire ahead, and it is feared that the loss will amount to thousands of dollars. Happily, up to the present there does not appear to be danger for the summer homes about Lake of Bays. The fires are burning in the vicinity, but have been controlled by organize efforts. Unless rain falls very soon North Muskoka will suffer a loss far in excess of any period for years back.
