headaches nearly every day and very
often would faint away, in fact, my
doctor said that sometime I would never
come out of the faint. It was through
one of your travelling agents that I was
induced to try Milburn's Heart and
Nerve Pills and after taking three boxes
I am glad to relate it has been a number

scarcely ever have a headache. Too
much cannot be said in praise of Mil-
burn's Heart and Nerve Pills, for in me
they have effected a perfect cure."

CLIFTON
The death of Winfield Scott after a
lingering illness of consumption, oc-
curred at his home at 7 a. m. Oct. 1.
Mr Scott was born in this country,
but spent most of his life in South
Carolina as a boss of a lumbering con-
cern. He returned home a few
months ago to be cared for by his
loving mother who survives him. He
leaves also, one brother in South
Carolina, Washington; Edward in
Mauvette, U. S. five sisters, all mar-
ried in Boston and Mrs. Edward Good
at home. The bereaved have many to
sympathize with them in their loss.

On Thursday, 26th, a sailor aged
nineteen years, while storing stone on
board the vessel as yet anchored at
the breakwater, was instantly killed as
the rigging for hoisting the stone gave
way, the deceased being crushed un-
der the stone. His funeral was held
on Sunday from the sea shore. Mr.
McKee read the burial service. His
remains were interred in the Presby-
terian churchyard.

Mr and Mrs Geo Robinson are
receiving congratulations on the ar-
rival of a baby girl at their home in
Salmon Beach.

Several of our young gentlemen have
left to spend the winter in Stillwater.
Albert and Loine Ellis intend spend-
ing the winter in Washington.

Mrs John Smith has gone to Chat-
ham to spend a week with her sister,
Mrs. Brice.

Moose seem to be very plentiful this
season. Telen had the good fortune
of capturing a large one.

That bird as mentioned by the
Clifton correspondent resembling the
condor, found that its prey was too
many for him. He had to yield it up
and go to another country, taking
shelter in the woods.

A certain cure for Croup—Used
for ten years without a failure,
Mr. W. C. Bott, a Star City, Ind.,
hardware merchant is enthusiastic in
his praise of Chamberlain's Cough
Remedy. His children have all been
subject to croup and he has used this
remedy for the past ten years,
and though they much feared the
croup, his wife and he always felt
safe upon retiring when a bottle of
Chamberlain's Cough Remedy was in
the house. His oldest child was sub-
ject to severe attacks of croup but
this remedy never failed to effect a
speedy cure. He has recommended it
to friends and neighbors, and all
who have used it say that it is un-
equalled for croup and whooping
cough. For sale by all druggists.

FEARFUL PAINS

While no woman is entirely free from
periodical suffering it does not seem to
be the plan of nature that women should
suffer so severely. This is a severe strain
on a woman's vitality. When pain exists
something is wrong which should be set
right or it will lead to a serious dan-
germent of the whole female organism.
Thousands of women have testified in
grateful letters to Mrs. Pinkham that
Lydia E. Pinkham's Vegetable Com-
pound overcomes women's special pains
and irregularities.
It provides a safe and sure way of es-
cape from distressing and dangerous
weaknesses and diseases.
The two following letters tell so con-
vincingly what Lydia E. Pinkham's Vege-
table Compound will do for women,
they cannot fail to bring hope to
thousands of sufferers.
Miss Matilda Richardson of 177 Wel-
lington Street, Kingston, Ont., writes:
"Some four years ago my usually good
health began to fail. I had severe pains in
my back, my head ached, I would have
disregarded them, and during my monthly periods
I would suffer intense pain. I was advised
to try Lydia E. Pinkham's Vegetable Com-
pound, and I am so glad that I did, for it
brought new life and health to me. My
monthly periods were natural and painless,
and my general health improved. I have
had no ache or pain since, and I feel it
a duty as well as a pleasure to tell you
what your medicine has done for me."
Mrs. Louise McKenzie, of Mount Car-
le, Montreal, Canada, writes:
"I had heard so much about Lydia E.
Pinkham's Vegetable Compound before
ask Mrs. Pinkham's Advice—A Woman Best Understands Woman's Ills.

Such testimony should be accepted by
all women as convincing evidence that
Lydia E. Pinkham's Vegetable Com-
pound stands without a peer as a remedy
for all the distressing ills of women.
The success of Lydia E. Pinkham's
Vegetable Compound rests upon the well-
earned gratitude of Canadian women.
When women are troubled with ir-
regularities, displacements or ulceration of
the organs, that bearing-down feeling,
inflammation, backache, bloating, (or
flatulency), general debility, indigestion
and nervous prostration, or are beset
with such symptoms as dizziness, faint-
ness, lassitude, excitability, irritability,
nervousness, sleeplessness, melancholy,
they should remember there is one tried
and true remedy. Lydia E. Pinkham's
Vegetable Compound at once removes
such troubles. Refuse to buy any other
medicine, for you need the best.
Don't hesitate to write to Mrs.
Pinkham if there is anything
about your sickness you do not
understand. She will treat you
with kindness and her advice is
free. No woman ever regretted
writing her and she has helped
thousands. Address Lynn, Mass.
Ask Mrs. Pinkham's Advice—A Woman Best Understands Woman's Ills.

THE BOY AND THE HORNETS
A band of gay hornets
Built a nest
High up in a tree,
High up in a tree.
They said to themselves,
"By dwelling so high
We've got safety,
We've got safety."
But a boy passing by,
"With a long fishing rod,
Looked up in the tree,
And seeing the nest,
A-hanging so high,
Said: "Ah, hully gee!
Ah, hully gee!
"I'll give you a tap
With my long fishing rod,
Just for fun,
Just for fun.
Then after I've busted
You to smithereens
I'll just break and run,
I'll just break and run."
And the boy did the job
That he said he would do:
But alas, and alack!
Alas and alack!
He was a strange sight
When at last he reached home,
He'd been stung by the pack!
He'd been stung by the pack!

Loss of Appetite and Energy.
Singly they are a worry—combined
they become a burden, telling that
waste has been immensely greater than
the body's power to rebuild. The
first need is to reconstruct the blood,
make good the deficiency of red cells.
Ferrozine improves digestion, makes
blood, the kind that nourishes and re-
builds. Quickly the nervous system
responds to the new power supplied by
Nerviline. Strength returns, ambition
revives, endurance and energy give the
system just what it needs to maintain
the balance of health. No tonic bet-
ter than Ferrozine, 50c per box at all
dealers.

A PAGE FOR BOYS AND GIRLS.
(Continued from page 2)

obliged to review their day's
lessons. Just as the master was
dismissing the three "kept-ins" a
cloud suddenly gathered overhead
and blinding flashes of lightning
were followed by rolling thunder
which almost rent the heavens.
Old aster Greytail had but a
short distance to go to reach his
house, a deep and spacious hole
in a huge tree. He reached shel-
ter and safety just as the first
great drops of rain came with a
furious gust of wind. Then the
storm broke with all its fury,
swaying trees to and fro, filling the
air with terrific thunder and

blinding the eyes with lightning.
The three "tardies" lived a long
way from the school-house and
when at last they succeeded in
reaching home they were all but
drenched to death. And when their
parents (who had heard of their
children's ugly conduct, and that
they were being kept after school
hours saw their sorry plight they
had no words of sympathy for them.
"If you loiter on the way to
school," said one stern father to one
of the "tardies," "you must suffer
the consequences. And let this ex-
perience be a warning to you. Your
industrious and earnest comrades
have been home for nearly an hour
having frolic and fun after their
hard day's study. But, you, through
your own disobedience and laziness,
have not only missed the evening's
play, but have suffered a drenching
besides."

And the three "tardies" crept in-
to their homes, ashamed and miser-
able, and the next day they formed
a compact with each other to never,
no never, play truant again.
But what became of those very
naughty squirrels that had hidden
themselves in the crevices of the
boulders? Why, a stroke of light-
ning split the wall of boulders to
splinters, and when, after the storm,
the parents came forth to search for
their unruly sons they found their
lifeless bodies lying strewn about
the wrecked school-house floor.
Their disobedience and truancy had
cost them their lives.

Had they obeyed their good
parents and gone to school that
morning, and learned their
lessons well and been excused at
three o'clock to go to their respec-
tive homes, they would now be
living the lives of the good and
the industrious, happy citizens of
Squirrelville, in the heart of the
beautiful deep wood.

How to Cure a Cold.
The question of how to cure a cold
without necessary loss of time is one
in which we are all more or less in-
terested, for the quicker a cold is
gotten rid of the less the danger of

Youth's Vitality Sapped Away.
Your child looks poorly, is tired and
fretful. You would like this boy to be
more robust, more energetic and vi-
cious. The something that is wrong
is simply this. Stomach and bowels
need attention. Constipation and in-
digestion must be relieved, new life
and vigor are required in the blood, slight
assistance is needed for the kidneys
and liver. Nothing is so effective as
Dr. Hamilton's Pills. They put new
life into young folks as well as the old
ones. Every child should use this
medicine regularly because its benefits
are not to be had in any other way.

Safest Medicine for Women's Complaints

Women certainly do neglect
themselves. They work too
hard—over-tax their strength
—and then wonder why they
suffer with diseases peculiar
to their sex.
Most cases of female trouble
start when the bowels become
inactive—the kidneys strained
—and the skin not cared for.
Poisons, which should leave
the system by these organs
are taken up by the blood
and inflame the delicate
female organs.
