Augmentation Committee.

"Not much startling or new—the same fidelity to duty on the part of the men on the augmented list, and the same sad story of underpay of those on the fighting line and enduring hardness for Christ and for Candada." was the report of the Augmentation Committee, western section, presented by Rev. S. Lyle. D. D., Hamilton, Conyener. It was able to pay the minimum of \$800, but, owing to business depression, partial crop fail ure in some districts, and lack of interest in some quarters, was unable to raise it to \$900, as aimed at by last Assembly. Order of Deaconesses, with important recommendations, was presented by Rev. Mr. Martin, Brantford and adopted.

The Committee on an Order of Deaconesses, Rev. W. A. J. Martin, of Brantford, Convener, recommended that the Assembly sanction the institution of an order of deaconesses, that the Ewart Training Home be an tution of an order of deaconesses, that the Ewart Training Home be an institution for the training of women for the missionary and deaconess work of the Church, that the Assembly appoint provisionally a board consisting of four ministers, four elders and seven representatives of the Women's Missionary Societies of the church, to take the oversight and management of the home and that the Assembly commend the home to the support of congregations. the home to the support of congrega-tions, associations and individuals; it suggests that a diploma be granted on a two years' course, that candidates for training be not less than twenty-two nor more than thirty-five years of age, and various other regulations were enumerated in the rep-t. The committee suggested that the work of the Ewart Home be carried on this year under these regulations, and that the committee be continued with the addition of some representatives from the Home Mission Committee to com-plete their report touching the order of deaconesses.

Dr. McTavish presented the overture of the Presbytery of Toronto on the supply of ministers. He said there never was a time when men were needed for the ministry as now. The number of applicants was decreasing. The metion to appoint a special committee to consider the matter and report to the Assembly was carried.

The reports of the widows and orphans' fund (eastern and Church of Scotland sections) were received and considered at some length.

Future of Queen's.

Principal Patrick, presenting the report of the special committee to deal with Queen's memorial, said the members were unanimous in the decision reached. They had heard many persons, had examined the history of Queen's carefully, and particularly the action of the church before the union in 1875, again in 1901-02, and again in 1903-04, in relation to the institution. They had concluded that the conditions which had lately arisen had justified the Senate in raising the question of a change in the constitution of the university, and in forwarding it through the Board of Trustees for consideration of the assembly. The committee recommended a deliverance of the assembly on the subject, expressing gratification at the rapid by. The committee recommended a deliverance of the assembly on the subject, expressing gratification at the rapid growth and expansion of Queen's, with the hope that its success and prosperity would be continued in the future, and further, that while the church was ready to maintain the present relation, it believed that the question of the character of the relation should be determined by the Board of Trustees, which was used to the report of the committee striking thirty-two standing committees for the year. The list showed comparatively few changes from that of last year, and was adopted with little or no amendment. It was decided to detach two Presbyteries, to be named Saskatoon and Abernethy, respectively from the present Presbytery of Qu'Appelle.

movement to raise half a million dollars for the faculty and arts was meeting with success, and hoped the sum desired would soon he obtained. In view of the urgency of the case the assembly should appoint a committee to be named by the moderator, to give legal effect, if in eccessary, to whatever action should be determined upon by the Board of Trustees, and protect the interest of the church with regard to the control of the theological faculty.

Principal Patrick, in moving the adoption of the report of the committee, said the trustees and Senate had every warrant for the course they had taken.

Principal MacLaren, speaking as a graduate and friend of Queen's, seconded the motion, expressing the opinion that the course suggested in the report was, on the whole, best for the institution.

Assembly. Growing interest in the fund in the west and substantial increase in the givings of the newer synods were pleasing features of the reports from Dr. Carmichael, Dr. Findlay and Rev. G. A. Wilson.

The year was begun with a balance on hand of \$1,070.35, the receipts from all sources were \$39,102.60, and expenditure \$37,340.02. It is estimated that \$46,000 will be needed for augmentation this year.

Dr. Lyle urged the necessity of supporting the fund liberally. A short discussion ensued, and the report was adopted.

Rev. S. J. McArthur, Newcastle, N. B., presented the report of the Augmentation Committeet eastern section.

"A year of prosperity, reflecting the general progress of the Church and the deepened interest in this scheme, notable increase in receipts, advance in minimum stipend, large number of congregations reaching self-support," are the bright features in the report of the Augmentation Committee, eastern section, of which Rev. J. M. Tufts, D. D., of Stellarton, N. S., is Convener.

The report says in conclusion: "Our greatest need is not money, as the Church has liberally responded to our appeal for support. by Dr. Dyde of Queen's, and the discus-sion was continued till a late hour with out being finished.

The assembly adopted an address exout being finished.

The assembly adopted an address expressing loyalty to the throne and person of his Majesty the King, with an appropriate reference to the approaching visit of the Prince of Wales to Quebec. An address to the Governor-General included a tribute of appreciation of his work in connection with the movement to convert the battlefields of Quebec into a national park.
