MILLVILLE.

MILLVILLE, March 31.—Our streets are quite animated again. The absent males have returned from their forest home and, to judge by their happy faces, matters have turned out very well with them. Mr. Parker, our teacher, appears to be the right man in the right place. The attendance is large and the progress of

the scholars is grand. C. W. Taylor has opened up a furniture store here, thus supplying a long felt want. He reports business good.

With the exception of colds, our health report is good. We extend congratulations to brother homas Henry on the advent of an heir. Dr. Owens is moving into his new

quarters on Brook street and in a few days will be comfortably settled. The great question of the day among our citizens is: How long should it take a judge to decide upon a point of law and if there is any way to compel a decision either for or against respondent? Those wedding bells do not appear to

be sounding any closer. Query: Is he waiting for Easter? T. W. Purvis is fitting his new building up into a fine store and his goods have nmenced to arrive. He says he will

bring down the prices. Several of our citizens are talking of going to help swell the population of uncle Sam's territory; arguing now that bark is down there is no money in this

Hauling here is good yet, and the weather wise say it is a dry, cold moon. Business is generally looking up.

MEDICAL HINTS. Cure For Dyspepsia.

As is well known, this troublesome complaint arises from over-eating, the use of too much rich food, neglected constipation, lack of exercise, bad air, etc. The food should be thoroughly chewed and never bolted or swallowed in haste, stimlants must be avoided and exercise taken if possible. A remedy which has rarely failed to give prompt relief and effect permanent cures, even in the most obstinate cases, is Burdock Blood Bitters. It acts by regulating and toning the digestive organs, removing costiveness and increasing the appetite and restoring health and vigor to the system. As a case in point we quote from a letter writ ten by Miss L. A. Kuhn, of Hamilton, Ont:- "Two years ago life seemed a burden. I could not eat the simplest food without being in dreadful misery in my stomach, under my shoulders and across advertised, I took two bottles of it, and have been entirely free from any symptoms of my complaint since."

This gives very conclusive proof of the efficiency of this wonderful remedy.

A pompous school-inspector, in addressing the advanced class of a school, said: 'Scholars, I have an impression - and, by the way, what is an impression?"
