launched a boat and rescued them, landing them safely at Crapaud.

The canning of debsters, mackool, meat and fruit is fast becoming one of our staple industries. The business is only of recent development, but the preserving of fruit of all kinds is its latest feature. We are glad to hear of the establishment of industries of any testing them to be resulted to the latest feature. the establishment of industries of any kind amongst us. The Summerside Journal is authority for the statement that this season one concern in the west of the Island has preserved no less than Civil Service Entrance forty tons of fruit, while several others are not a great way behind.

We are glad to learn that steps are about being taken to provide Charlotte-town townwith telephone connection not only locally, but with Summerside and other points of interest on the Island. Mr. Angus, of the insurance firm of Destricts and and is vigorously pushing it. Heretofore it has been supposed that the terms of contract with the Telephone Applications for admission must be made to the undersigned not later than the 15th October.
