Cheap Railway a Bad Railway. he became loquacious over the wines at a Toronto banquet, he stated that there was no question but that con-Tableau Staged for Mining Institute at Deepest Pit in World.

Victoria, B.C. Oct. 3.—The most spectarular sight which greeted the eyes of a party of European mining engineers on their tour through Canada as guests of the Canadian Mining institute, was a guests of the called that there was no question but that continued navigation could take place. He there was no question but that continued navigation could take place. He then suggested that ships with overhanging prows be used to break up the board ice along the shore in the winter months, similar to those what the road costs, Canada's contribution is only seven years' interest and there was no question but that continued navigation could take place. He then suggested that ships with overhanging prows be used to break up the board ice along the shore in the winter months, similar to those was a bad railway. It is worth renembering, he said, that no matter what the road costs, Canada's contribution is only seven years' interest and the contribution i tion. Seven years' interest on these two sections of the road is all that Canada pays on that transcontinental.

Value of Land 5 old-Sales of Land by Hudden's Bay Co. and Railways. The Conservative rule.

Conservative rule.

Conservative rule.

Esports of Great Britain.

Liberal rule.

Liberal rule some effort or even some sacrifice in order to maintain and extend it. Lord Miln ew general superintendent of the minded free importers may reasonably be Superior division, appointed asked to admit this. Some of then Gates Reid as master mechanic, with cluding the present chancellor of the exchequer have admitted it.

Lantern Slides Ready.

The figures show how much of the proyee of the winnipeg saddlery co., day fight. The figures show how much of the dairy industry in on reaching home tonight. Death during the next fortnight has not yet school children will sbortly be avail-
