**This is the Wonderful New Flour**

that has made such a sensation throughout Western Canada. Made of highest grade Saskatchewan wheat, in the newest, best-equipped, largest mill on the prairies. Made with the determination to give users better flour-value, greater certainty of baking-success, fuller satisfaction with the final result, whether with biscuits, cake or bread. Housewives throughout all the West admit that Robin Hood Flour gives all this. Therefore, Madam, it is the flour for you.

This flour cannot be described in an advertisement. We use this paper merely to give the introduction—to say:

"Let us make you acquainted with Robin Hood Flour."

It is the guaranteed flour. If you are not satisfied with it after two fair trials, ask your grocer for your money back. He will give it to you.

Add more water than usual when using Robin Hood Flour. Made of such hard, dry wheat. It absorbs more moisture—producing a larger, whiter loaf.

The difference between Robin Hood Flour and other flours you have to find out for yourself. That there is a difference every woman who now uses Robin Hood admits.

**Reduce Your Coal Bill BY USING**

**'Kolecon,'**

The Coal Economiser.  
**SAVES 5 CWT. IN EVERY TON OF COAL.**

**KOLECON** furnishes to coal just what coal lacks to make a perfect combustion, and by using it the coal is all burned, and the air of the room remains sweet and pure. By the use of Kolecon a fire can be kept burning continuously, and the ashes will rake out free and soft.

When Kolecon is used, the smoke and soot are consumed. No clinkers or half-burned coal are possible when using Kolecon, even the ashes become an almost impalpable powder, which is easily drawn away when necessary.

**Kolecon will make a poor quality coal do the service of the best qualities.**

**TRIAL PACKAGE, 25c.**  
 This package is sufficient to treat half ton of coal.
