THE ROYAL STORES LIMITED

A Topsail Protest.

Editor Evening Telegram:
Dear Sir,—Allow me space in your valuable paper to protest against a disgraceful scene witnessed by the residents of Topsail on Sunday and Sunday night, 21st inst.
The so-called Motor Cycle Club, of St. John's, spent the sacred hours of the Sabbath papering, renovating and whitewashing their club rooms.
Surely the people of our quiet settlement have a right to denounce such conduct on the part of these gentlemen, if only in the interest of the youth?
Twenty years ago it was considered necessary to have a police officer stationed in our village, but surely we have greater need of an officer of the law now, if some of the scenes of last summer are to be repeated.
Thanking you for space.
I am, yours truly,
A RESIDENT.
Topsail, May 22nd, 1911.

Protest From Carbonear.

Editor Evening Telegram:
Dear Sir,—If you please will you give me space in the columns of your paper to ask a question which I would like to get a definite answer to.

To all people whom it may concern, and to as many as have got respect for the Commandments of God:—
Is it possible that we have got to live the remainder of our day with the ring of a steamboat's donkey which in our ears on Sunday shipping and transshipping freight in a Christianized Colony as this is said to be? Shall such things prevail through the twentieth century, or is there any way to prevent such a desecration of the Sabbath Day? We find in the Holy Scripture that in the year 2513 God handed down the Ten Commandments to Moses and wrote the Commandment in question into the stone with the hand of God, in the form of a finger of fire so that the generations

that was to come would find it on record and not easy to be worn out. Is it possible to abolish unnecessary works on Sunday in this country? If it is not why it is no good to try? Sunday occurs only once in a week, we know that our forefathers used it as a day of rest from their labours and in worshipping God. Cannot we enjoy the same privileges in this enlightened age?
Yours truly,
PREACHER.
Carbonear, May 22nd, 1911.

Repair Swimming Pool

Now that the swimming season is at hand some attention should be given to the swimming pool down at Quidi Vidi Lake. It is in need of repair and it would be a good thing, if some young man who understands the art of swimming were sent there to instruct boys and prevent accidents. It would be a step in the right direction. Something should be done to prevent a repetition of the deplorable accidents which occurred last year.

Football Affairs.

A meeting of the Newfoundland Football Association will be held shortly to make arrangements for the season and draw up the fixtures. The teams are now practising and some lively contests are expected. No word has been received from P. Mars as to whether a team in England will visit us the coming summer.
H. M. S. BRILLIANT COMING.
H. M. S. Brilliant left Bay St. George this morning and is due here Saturday morning. She will remain in port here till after the Coronation. The commander and officers had been salmon fishing on the West Coast the past week, but owing to the cold weather met poor luck.
