Keep Your Display Windows Free from Frost.

For preventing the Frosting of Display Windows in winter time there is nothing Simpler or more Effective than

The Air Blast of an Electric Fan directed against the glass.

The philosophy of the thing is plain. The evaporative effect of the air current simply prevents condensation of moisture upon the window and affords relief from the annoyance which is generally sought but only imperfectly attained through various awkward means.

AUCTION SALES!

TIMBER LAND.

On Saturday, 25th day of January, at the office of the undersigned, at 12 o'clock noon, all that heavily timbered land situate on the Topsail Road, about eight miles from town and containing about 60 acres, belonging to the estate of the late John Nash.
