Important Warning!

The Rifle Range on the South Side Hill will be in constant use from daylight till dark for Musketry Practice until further notice. All unauthorized persons are therefore prohibited from approaching the Range within 200 yards from either side or within 1,000 yards of the targets to the eastward. Any unauthorized person so doing will be liable to arrest, besides incurring serious danger from rifle bullets. This prohibition does not extend to any part of the hills west of the 1,000 yards firing point.

JOHN SULLIVAN,
Inspector Genl. Constabulary.

W. H. RENNIE,
Captain (in charge of Musketry Instruction).

War News.

Messages Received Previous to 9 A.M.

BRITISH OFFICIAL.

LONDON, Aug. 10. An official this evening says the position is unchanged along the whole British front. Some parties of the enemy, advancing against our line, southward of Martapuich were effectively dealt with by our trench mortars and machine guns. No hostile attack developed.

Our aeroplanes continued bombing operations against the enemy billets and other points of military importance. In the course of many aerial combats yesterday several enemy machines were driven down in hostile territory. Three of our machines have not returned.

FRENCH PROGRESS.

PARIS, Aug. 10. Further progress for French troops north of Hem Wood in the Somme sector, is announced in an official statement issued by the French War Office to-day.

FORD ZIOTA LIPA RIVER.

PETROGRAD, Aug. 10. Russian troops have forded the Ziota Lipa River in Galicia, east of Stanislaw, in continuation of their progress eastward, along the Monasterzyska-Niznion Railway, says an official statement given out by the War Office this evening.

AUSTRIAN OFFICIAL.

VIENNA, Aug. 10. An official issued to-day says that owing to the situation brought about by our evacuation of Gorizia, bridge head, the town has been given up after a sanguinary repulse of fresh Italian attacks on Doberdo plateau. The necessary straightening of our lines was carried out unhindered by the enemy. We have captured 4,000 Italian prisoners the past few days.

ALLIES PRESSING THE ENEMY.

NEW YORK, Aug. 10. The Paris correspondent of the Tribune cables that the Allies are now in full tide, carrying out their great plan, that is pressing the enemy all the time, on every front, and giving no respite. The entry of the Italians into the scheme with their big offensive against Gorizia and Montefiore has completed the chain encircling the Central Empires.

FRYATT'S MURDER.

LONDON, Aug. 10. The Foreign Office has made public a letter of Viscount Grey to the American Embassy here, requesting Ambassador Gerard in Berlin to convey to the German Government the British Government's desire to enter a most formal protest against the execution of Capt. Fryatt by the German authorities in Belgium. This execution, says Viscount Grey's letter, the British Government can only describe as the judicial murder of a British subject held as prisoner of war by the German Government, under conditions in direct violation of the law of nations and the usages of war.

APPOINTED GOVERNOR GENERAL.

LONDON, Aug. 10. General Kuropatkin has been appointed Governor General of Turkistan, a Central News despatch from Petrograd to-day states. General Kuropatkin, who was Chief-in-Command of the Russian forces in Manchuria, at the beginning of the Russo-Japanese war, was appointed Commander-in-Chief of the Russian armies on the northern front in February 28, and succeeded General Nicholas Ruzski.

BELGIANS PURSUING HUNS.

HAVRE, Aug. 10. The northwest part of German East Africa is now completely in the hands of the Belgians who are closely pursuing the German forces, according to an official statement issued.

NUMBER OF PRISONERS CAPTURED.

ROME, Aug. 10. About 2,000 prisoners were captured by the Italians at Gorizia, according to an official announcement. The statement says that an accurate estimate is impossible at present, as a number of prisoners are being brought in hourly.

PROPERTY REPRISALS.

LONDON, Aug. 10. Replying in the Lords yesterday to a suggestion of Baron Bessborough that the Government, in reprisal for the execution by the Germans of Captain Fryatt, should confiscate all German property in this country and intern all Germans, the Marquis of Lansdowne, Minister without portfolio, said that Baron Bessborough's suggestion was very different from some which had been heard, that we should imitate the cruelty and persecution, to which the Germans have resorted, actions which would be unworthy of this country, and would be easily out-distanced by our enemies, but even such a policy as that suggested by Baron Bessborough must be resorted to, the Minister continued, with the utmost care and circumspection. There were many difficult commercial questions involved, he said, and it was necessary to make certain that more harm than good was not done. The Government, he said was conferring with the highest commercial and banking authorities, but he was unable to say at the present time what course would be taken.

THE SITUATION IN PERSIA.

LONDON, Aug. 10. The general condition of affairs in Persia recently have shown a decided improvement, said Lord Robert Cecil in the Commons to-day. The arrest and dispersal of most German parties and agents in the country, he added, gave good reason for hoping that the improvement would be maintained. Lord Robert said that he hoped that arrangements of financial and other questions would shortly be arrived at with the Persian Government. Anglo-Indian officers would be engaged in officering the gendarmes in Southern Persia.

St. John's Man Dropped Dead at New York.

Mr. John P. Grace, of the City Council, has received word that his nephew, Patrick F. Grace, had dropped dead while at work in New York. Particulars of the sad occurrence are awaited, though at present it is assumed that heart failure was the cause. Deceased was about thirty-five years old and a son of the late William J. Grace. He was well known at Signal Hill, where he resided many years before going to New York to settle down, a little over a decade ago.

Incandescent Gas Lighting.

Possibly, the feature of incandescent gas lighting most frequently noted by casual observers is the great ease with which tasks, ordinarily arduous under artificial light may be performed under the Welshbach gas mantle. The light has a peculiarly "soft" quality, difficult to describe, but which is readily recognized by those who have had experience with the gas mantle lamp.

In its general effect upon bodily health and comfort, the use of incandescent gas lighting is decidedly favorable. The currents of air set up by the burning gas improves ventilation, tending to expel the air vitiated by respiration and draw in fresh air to replace it. Harmful or dangerous disease germs are instantly destroyed by the flame. The extent to which this effect takes place may be verified by placing a gas lamp close to a ceiling without any provision for interfering with the up-rushing air currents. The charred particles which collect immediately above the lamp are the remains of dust particles which before passing through the flames were laden with germs and microbes. Actual experiments have shown that the burning of gas lamps in rooms previously containing bacteria, resulted in absolute sterilization of the air.

Contrary to the popular notion the temperature of rooms lighted by incandescent gas lamps is seldom markedly greater than under incandescent electric light, even under unfavorable conditions of ventilation, while in rooms provided with the ventilating facilities required by the demands of hygiene, the temperature in gas-lighted rooms is frequently lower.

Holiday Went Fishing.

The largest number of tourists for the season came from New York by the Florizel yesterday. Immediately on arrival most of the holidaymakers went on countrywards on a brief trout expedition. A party of them also went out by train at 6 p.m. to Salmonier where the speckled beauties were reported to be in abundance. They will return by the noon train to-morrow.

Running Nose Colds Cured. Sneezing Stopped Instantly

The worst of a cold is how suddenly it comes. No time to hurry to the drug store, croup develops, the lungs are affected with pneumonia or tuberculosis and it's too late. Keep Catarrhazone on hand—a little cold instantly. Something magical about the way it cures catarrh and bronchitis. Catarrhazone is the best remedy because it cures in nature's way; it heals, soothes and restores permanently. Carry a Catarrhazone inhaler in your pocket, use it occasionally and you'll never catch cold—that's worth remembering.

Beware of dangerous substitutes meant to deceive you for genuine Catarrhazone which is sold everywhere, large size, containing two months' treatment costs \$1.00; small size, 50c.; sample size 25c.

Deciding Game.

It is not unlikely that this evening's football match between the Terra Novas and St. Andrew's will decide the championship holders for 1916. A win or a draw for the Terra Novas will give them first place, as they are now leading in the table of points. In the event of the St. Andrew's winning it would mean that the Terra Novas and B. I. S. would have to play off.

Lady Long Distance Walkers.

Three St. John's well known young ladies and long distance walkers have undertaken the task of tramping from here to Heart's Content. They started yesterday and have reached Topsail, their first stop, having made exceptionally good time. Their next "stop-over" will be Seal Cove. At the present rate of going they are likely to beat all previous local records.

CHARLIE CHAPLIN AT THE NICKEL THEATRE.

The week-end performance at the Nickel Theatre to-day is one of the best for some time. Charlie Chaplin, the greatest fun maker alive will appear in a two-act comedy entitled "In the Bank." Then the "Diamond from the Sky" will be continued, and best of all the talented orchestra of the Red Cross Liner Florizel will be present. St. John's delights to hear good music, and the gentlemen from the Florizel are well up in their profession. They will give an entirely new programme and everyone should make an effort to be present. Tomorrow there will be the big matinee for children.

Enjoy your meals by taking a teaspoonful of Stafford's Prescription "A" before eating. Price 25c. and 50c. Postage 5 and 10c. extra.—Jly 22, 1916.
