The Climax of a Successful Christmas Dinner

is a Plum Pudding, and this year if you serve Libby's you will wonder why you ever toiled so long at home to make one.

Libby's Plum Pudding is prepared from choice Grecian currants, plump California seedless raisins, white kidney beef suet, pure creamery butter, fresh country eggs, flour, granulated cane sugar and blended spices—all carefully tested and mixed to make certain that the high quality of this product is maintained.

It takes but a minute or two of your time to get Libby's Plum Pudding ready for your table—and how delicious it is when it gets there!

Heat it in the can—turn out on a serving dish and serve with Hard Sauce. You will find it unequalled for purity, wholesomeness and flavor.

Cream 1/3 cup butter, add 1 cup powdered sugar and 1 teaspoon vanilla for the sauce.

You can get Libby's Plum Pudding at all first class grocers.

Libby, McNeill & Libby

Addresses Patients.

MR. MORINE AT KENTVILLE.
On Thursday last, Mr. and Mrs. Morine being the guests of Dr. Miller, Supt. of the Provincial General Tuberculosis Sanatorium, at Kentville, N.S. Mr. Morine was requested by Newfoundlanders at the institution, to address such of the patients as could attend a meeting within the Recreation Hall, upon the issues involved in the general election of members of the Canadian Parliament. Mr. Morine kindly consented and spoke for an hour, to the edification of the entire audience, as testified to by their applause, and especially of Newfoundlanders present, one of whom is

the Secretary of the Liberal-Conservative organization in the San.

To Catch Correct Time.

Parisians Install Wireless Outlets.
Paris. (Associated Press.)—Fifteen hundred small wireless outlets have been installed in Paris jewelry watch and clock stores to enable the jewellers to catch the correct Greenwich meridian time as it is sent daily at ten o'clock by the Eiffel Tower. Formerly the exact time had to be obtained from the observatory by telephone. The installation is simplicity itself. The outfit, about nine inches in diameter is hung on a nail in the wall. A copper wire run down to the cellar or along a water or gas pipe

serves as a "ground wire" while the removal of the bulb from a nearby electric light and the insertion of a contact plug take the place of antennae. It can be done in five minutes. The outfit can be regulated to hear everything that is sent out by the Eiffel Tower. The correspondent listened in when the press matter was being sent out one day and the signals were clear and easily heard.

Yesterday's Storm.

MUCH DAMAGE WROUGHT.
During yesterday evening the city was visited with a blinding snow storm followed by a downpour of rain which lasted up to 3 p.m. A few hours later the wind chopped off to the N.W. and at about 9 o'clock it assumed the proportions of a hurricane. At about 10.30 the lighting service in many parts of the city was put out of commission. Many of the lighting and telephone poles were smashed with the force of the wind. Many private residences suffered damage, whilst shipping in the harbor went adrift. In the suburbs the storm was severely felt. On Forest Road the chimney of a residence blew down and partly wrecked the roof and verandah. On the Long Pond Road much destruction to trees was caused and near Smithville about 50 large fir trees were uprooted. Some of these falling across the road broke the electric light wires and also did some damage to telephone wires.

Curlers' Association; Officers Elected.

The St. John's Curling Association held a largely attended meeting in the Curling Rink last evening. President W. J. Higgins occupied the chair and in opening complimented all present on the enthusiastic spirit which brought them out on such a stormy night. The various reports for the year were submitted and unanimously adopted, showing that the past year had been the best in the history of the Association. The election of officers for the ensuing year resulted as follows: President, W. H. Duder; 1st Vice-Pres., F. W. Bradshaw; 2nd Vice-Pres., F. T. Brehm; Secretary, A. H. Salter. Committee of Management: S. Roger, W. E. Bearn, J. C. Chalker, S. C. Thompson, Hon. Frank Steer, H. E. Cowan, W. J. Higgins, K.C. The retiring President, Mr. Higgins, in a few well chosen words, complimented the club on its selection of Mr. Duder as presiding officer for the term, and it was only fitting that one of the old guard should hold the position. Mr. Duder was one of the founders of Curling in this city. The speaker foreshadowed a big year for the Curling Association. Votes of thanks to the press were passed and several other matters were also dealt with. The Association, as in previous years, will hold its big Charity Day again this season. This has always been a big success, and this year particularly their efforts as in the past will be very welcome. The meeting closed with the singing of the National Anthem.

Protest Selling Out of Germany.

Coblenz, Germany, (Associated Press)—German newspapers for weeks have been waging a campaign of protest against what is termed the "selling out of Germany" to foreigners who have invaded the country to purchase goods since the mark began its sharp decline early in October. The mark has fallen in value much faster than the prices advanced and, as a consequence, thousands of speculators have been attracted to Germany to take advantage of the situation. In the occupied areas the influx of foreigners became so great within a few days that the Allied authorities soon decided that some concerted action was necessary to protect the residents. The President of the Rhineland province, acting under direction of the Inter-Allied Rhineland High Commission, issued a decree prohibiting purchase of merchandise by foreigners not actually residing within the territory of occupation. This order does not affect members of the Allied military forces, the Rhineland commission nor other foreigners who were in the occupied areas on legitimate business.

FOREIGNERS TAKING ADVANTAGE.
Officials deemed that this step toward trade regulation was necessary to prevent retailers from selling all their stocks to foreigners taking advantage of the low rate of exchange on foreign currencies at a time when the price on goods in the German stores had not been advanced, or at least not marked up in comparison with the depreciation of the German money. For days, buyers poured into the Rhineland on every train, and by automobile from Holland, Belgium, Luxembourg, France and other nearby countries and business in the stores of Coblenz, Cologne and Aix-la-Chapelle flourished as it never had before. The foreigners bought everything on sale and in what quantities could be arranged with the retailer. The abnormal demand for goods continued for days, and reached such a stage at times that storekeepers found it necessary to close their doors, because of the crowds, or because the shelves were empty. Clerks worked 16 and 18 hours a day trying to keep up with the demand. Many articles of American manufacture are on sale in Coblenz stores at retail prices much lower than in the United States, taking into consideration the rate of exchange. It is explained here that these goods came from surplus army stocks in France which at various times since the armistice have been disposed of by the United States liquidation commission to Germans and merchants of various other countries.

G. W. V. A. Aid Committee.

The ex-service men's unemployment Committee are meeting daily, in connection with this serious problem but up to the present little has been accomplished in the way of securing employment. It is understood, however, the Committee is being well received by the business public, who have promised that whenever possible, a returned man will be given any vacancy. This however, will not amount to very much, as the majority of firms will be curtailing expenses from now on till the spring trade opens up, and it is rumored that several business houses are contemplating reducing their staffs at the New Year. The G.W.V.A. Help Committee has been attending to the needs of Veterans who are destitute, and doing all possible as far as their funds allow. Yesterday notices were sent to the Postmasters throughout the country warning the on-port unemployed to remain home, and not to visit the city looking for work, as there is not sufficient to go around and after the New Year, the situation will be even worse, as there will be very little doing along the waterfront.

A musical treat in store for those attending Aula Maxima, Thursday, Dec. 8th. Admission 40c.—dec5,21

Resolution

Unanimously adopted by the Methodist Epworth League of Catalina, on Nov. 14th, 1921.

BE IT RESOLVED, that this Epworth League hereby expresses its sincere regret and disapproval of the adverse criticism of Doctor Grenfell, which has recently been reported in our local papers. We rejoice in the fact that Doctor Grenfell has answered his critics in such an able, gentlemanly, and public way; and we take this opportunity of expressing our high appreciation of the Doctor, and of the heroic Christian service he and his noble staff of workers have rendered to multitudes of sick and poor of this Dominion and Labrador.

Also, that a copy of this resolution be forwarded to Doctor Grenfell, and sent for publication to our local papers.

(Sgd.) MABEL GUY,
President of Epworth League.
F. ELSIE SOMERS,
Secretary.

The Deemster's Oath.

DOUGLAS, Isle of Man. (Associated Press.)—The appointment of two new "deemsters," or members of the legislative council of this island has just called attention to the peculiarities of the ancient oath they take on the Bible when assuming office. It reads: "By this book, and by the holy contents thereof, and by the wonderful works that God hath miraculously wrought in heaven above and in the earth beneath in six days and seven nights, I do swear that I will execute the laws of this island justly between our sovereign Lord the King and his subjects within this Isle, and between party and party, as indifferently as the herring backbone doth lie in the middle of the fish."

"A Pleasure To Take"

our Cough and Cold Cure, because it is composed of pure and harmless drugs. No cough remedy has ever been discovered that will cure every cough, but we think we have one that comes a little nearer to doing it than most of them. We have prepared it for years, and it has been tried in all manner of cases and given satisfaction. We ask you to remember and try this: Because it is safe. Because it is pleasant to take. Because it is equally good for children or adults. Ask for Stafford's Fluorine. Price 25c.; Postage 10c. extra.

New Map of Pacific Islands.

WASHINGTON, Dec. 3.—The National Geographic Society has just published a map of the islands of the Pacific, which is very timely, in view of the questions affecting these islands discussed in the Washington Conference. The map shows in a very graphic way the groupings of islands controlled by the different nations, whether under national sovereignty or by a mandate of the Peace Conference. Each national group is heavily outlined in colours so that, for example, the observer quickly notes that the group islands placed under the

Japanese mandate lies between the Hawaiian Islands and the Philippines, United States possessions. In preparing the map, the National Geographic Society was aided by the criticism of the graphic section of the War Department, the Eastern Division of the State Department and the Hydrographic Office of the Navy Department.

Baby Falls Into Boiling Soup

Helen Fort, two years old, died November 23 at Detroit from the effects of terrible scalds received when she fell into a kettle of boiling soup. The kettle had been placed on the kitchen floor by the child's mother, and the little one tumbled over into it. The upper part of her body was literally parboiled.
