The Favored Four

Because of Supreme Quality, New Performance Results, Advanced Engineering, Superior Workmanship.

Out of Chrysler engineering and manufacturing skill come the extraordinary performance and value of the Chrysler Four—plus quality and beauty never before equalled in its price class.

The Chrysler Four is, in the most precise sense, a fine car—fine in principle, fine in materials, and fine in its standards of manufacture and assembly.

It is built with painstaking care, and to a degree of accuracy and precision, heretofore unknown among cars of its price—in the most modern and scientifically equipped manufacturing plants.

Obviously, when such quality is combined with the unusual roadability which results from Chrysler designed spring suspension and balloon tires; with low center of gravity, pivotal steering and the option of Chrysler hydraulic four-wheel brakes to give utmost safety; and with Fisher bodies for maximum comfort—the result is unapproached motor car value in the thousand dollar class.

Everywhere, men and women who know motor cars are favoring the Chrysler Four. Women, who like fine things, say it is a delightful car to drive and to ride in. Men are enthusiastic over its extraordinary performance, its economy and its durability.

AT THE FAIR

The Industrial Fair, after a successful run of twelve days, closes at 11 p.m. to-night. The attendance yesterday afternoon and night was very good. It is expected that large numbers will be present for the close as several changes in displays have been made during the past few days. One of the attractions last night was the Crisco Booth, where a French chef was telling all about Crisco. Whilst not talking the chef conveys volumes with his eyes and moving lips. It is an ingenious electrical contrivance and well worth seeing. Last night seven door prizes were offered, the lucky tickets being ticket No. 5012, 10 lbs. Orange Pekoe Tea; ticket No. 6109, 1 case Dorothy Milk; ticket No. 5838, 1-2 dozen gramaphone records, from Hutton's Music Store; ticket No. 6281, a Christy hat, from Geo. F. Kearney; ticket No. 5257, 1 gallon Matchless Paint or Floor Enamel; ticket No. 6536, 2 lbs. Necco chocolates, donated by M. J. Kean, won by Beatrice Mouland; ticket No. 5292, baby grand range, supplied by W. J. Clouston, won by Daniel Coombs, 24 Mullock St., Baird's prize was won by Miss Inkpen, on ticket No. 1016; Thursday's prize for ticket No. 318 was won by Mrs. Chipman, Flower Hill, but Wednesday's prize for ticket No. 833, is still unclaimed. The prize of twenty dollars in the Life Saver guessing contest was won by Miss Annie Goodwin, her guess being the first correct guess registered at the Life Saver Booth—1160—that being the number of packs of Life Savers in the case. This contest was a very popular one, over 7,000 persons registering their guesses. After the announcement last night, complimentary packages of Life Savers were presented to all visitors to the Fair. Those who have entered for the various competitions, such as the essay on Ayre& Sons Booth, and the guessing competition for the Ingersoll watch, the error competition at Geo. F. Kearney's booth, etc., are asked to have their entries placed as soon as possible.

Our Dumb Animals

REPORT OF THE CHIEF AGENT, WEEK ENDING OCT. 30.

Read a message from Mr. Cantwell of Cape Spear informing me that he had in his possession, a pony, that he had found wandering around the Cape grounds, in the stormy weather, and asked him to take it in and I would advertise it. I have been informed by Mr. Cantwell that Mr. George Ross has taken possession of the pony. I am very thankful to Mr. Cantwell for his great kindness, and care. I have seen Mr. Ross about the pony. Attended to the landing of forty head of cattle from the S. S. Hethpool. The cattle came through all right, the cattle were carried between decks and were very comfortable. Also attended to the landing of 80 head of cattle, 12 horses, and a lot of sheep, pigs, and poultry, from the Canadian Sapper, 2 of the sheep died on the passage. All the cattle were taken immediate delivery of. Attended two sales of cattle at the St. John's Abattoir Co's premises, weather conditions were very unfavourable for cattle, being so long on the wharf, it is very necessary at this season that cattle should be under cover. Humanely put to death a horse for Mr. Hafey, Freshwater, this horse had been suffering from internal trouble. Also a horse with an injured leg, that was ordered to be put to death by Dr. Bishop and another horse belonging to Mr. Hing Lee of Casey Street. It had fallen on Prescott Street and was reported by the police, it had been taken into the Imperial Mfg. Co's yard where I called Dr. Bishop's attention to it, he said that the pony was past its labour and ordered it to be put to death, the owner paid for having it carted away. I also put to death three unlicenced dogs. Spoke to several drivers for leaving their horses out late after work. I am very thankful to the police for taking this matter in hand. Ordered in a horse belonging to a firm on Water Street, also one belonging to a man on the higher levels. All complaints as far as I know have been attended to. I wish to thank all who are taking an interest in the dumb animals and I hope that the sale at the Canon Wood Hall for the benefit of the S. P. A. will be well attended.

Tourist Trade Declining

The summer tourists arriving by Red Cross boats have been less each trip for the past month or more, but the last steamer had quite an unexpected number.

On enquiry we find that the majority of them are remaining over until next week so as to be present at Prof. Burke's three act comedy at the Casino next week.

THE CALL—Wear a Flanders Poppy.

THE ANSWER—We will not break faith with ye who sleep.

"So this is Your Birthday, Grandmother."

"YES, dearie, I am seventy-five years old to-day. It doesn't seem possible, for I don't feel old."

"And you certainly do not look old. Besides, you are always so happy and cheerful that you do not seem at all old."

"A woman is only as old as she looks, you know, and I have always tried to keep young and healthy."

"And were you never sick, grandmother?"

"Oh, yes, indeed, there was a time in my life when I never expected to live to be fifty, say nothing about seventy-five. When your mother and my other children were small I had my hands full and got run down in health. I got so nervous that I could not sleep and had frequent headaches. Every little thing the children would do seemed to annoy and worry me until, finally, I gave out entirely, and was in bed for months with nervous prostration."

"Did you have a doctor?"

"Yes, dearie, I had two or three doctors, but they only told me that it would take a long time for me to regain strength. One day your grandfather came in with some of Dr. Chase's Nerve Food. He said some one told him that it would restore me, and he went away to the drug store and bought half a dozen boxes."

"What did your doctor say about using it?"

"Well, what could he say? He only said that he had done all he could, and that he had run across a great many cases in which the Nerve Food had been used with excellent results. So I began using Dr. Chase's Nerve Food, and it was not long before I was on the way to health and strength."

"And did it make you well?"

"Well, the best evidence is that I am here to-day, well and happy, after all these years. And I am more than ever enthusiastic for Dr. Chase's Nerve Food, for I have used it several times during the last few years when I felt that I needed some assistance to keep up vitality. As a person gets older I think their blood gets thinner, and they seem to need something like Dr. Chase's Nerve Food to increase their strength and vigor."

"That is something worth knowing, grandmother."

"If you will take my advice, dearie, you will not forget about Dr. Chase's Nerve Food when you get run down, tired out and nervous. This has been my advice to a great many people, and I know that it has done them good."
