Children Cry FOR FLETCHER'S CASTORIA

IT WAS A SURPRISE "We have the surprise beautifully planned," said young Mrs. Westerleigh to the guests, "and Frank doesn't suspect a thing. I think he has even forgotten that to-day's his birthday. He will get home from the office at about seven o'clock. Then he always goes upstairs to take off his coat and put on his smoking jacket for the evening. When he is upstairs I will call out suddenly, 'Oh, Frank, come downstairs — be quick! The gas is escaping.' Then he will rush down here and find the crowd of friends waiting for him."

It went exactly as planned. Wester-

waiting for him."

It went exactly as planned. Westerleigh came home at the regular hour and went directly upstairs. The hidden guests held their breath while Mrs. Westerleigh called out excitedly, "Oh, Frank, come down quick. The gas is escaping in the parlor."

Every light had been turned out, and the parlor was in perfect darkness. There was a rapid rush of feet down the stairway, then a voice said, "I don't smell any gas."

"Better light the jet," Mrs. Westerleigh suggested tremulously. "Here's a match."

The match was struck, and suddenly the room was flooded with light. Everybody screamed. The hostess fainted. For there in the center of

the room stood Westerleigh, attired only in a natty union suit, with a fresh pair of trousers carried over Night and Day.

HASN'T SHE LOVELY HAIR

How often have you heard this remark? Very often indeed: Everyone admires well kept, luxuriant hair because it is a real beauty in itself; and as Balzac says in his famous work on beautiful women:-"The soul of lovliness of a beautiful woman lies in the tresses of her hair."

Any woman can have beautiful hair if she will give it proper care with a proper hair dressing. Sageine is such a dressing. It will bring life and beauty into duli faded hair and make it clean, fluffy and attractive.

Since the introduction of Sageine in America it has met with wonderful success and is the popular hair tonic with leading men and women every-

municipalities of even a straight majority.

The Hydro-electric bylaws were carried wherever they were submitted, in many cases only from 2 to 10 voting against public power.

In Brantford the majority contest was fought out on this issue, and resulted in the return of Charles H. Hartman by a majority of 263.

Among the other cities and large towns which voted for Hydro power were Kingston, Owen Sound, Goderich, Clinton and Prescott.

Mayor Hopewell is again chief magistrate of Ottawa by a good majority, and Mayor Lees still retains the confidence of the electors of Hamilton.

Ottawa. Jan. 2.—All circumstances combined to make yesterday's municipal vote the heaviest ever polled in this city. nome Made Wardrobe Trunks.

Every girl who has seen a wardrobe trunk instantly appreciates the
advantage of having one of them, but
as such pieces of luggage are so expensive as to be beyond the reach of
most of their admirers the best course
is to try to provide a substitute with
the aid of an ordinary trunk and the
exercise of some ingenuity.

One girl partially solved this difficulty by having the tray of her square
trunk cut in half and one section of it
nailed permanently in position after
dividing it into compartments for
dividing it into compartments for
lingerie and shoes. The space below
the tray was then equipped with three
hat holders tacked against the sides
of the trunk, and into the adjoining
floor space was fitted a large flat
box with a strong fastening, which
was divided to hold handkerchiefs,
gloves, vells and neckwear.

The half of the trunk its stantage flat

was divided to hold handkerchiefs, gloves, veils and neckwear.

The half of the trunk lid which did not collide with the remaining portion of the divided tray was then equipped with hooks for a dozen garment hangers and made a satisfactory wardorbe for gowns and frocks of thin or medium weight textures, as they did not crowd one another unduly.
