Gentlemen.—In compliance with the solicitations and requests of a large number
of the electors of the Electoral District of
East Middlesex, I have again consented to become the Independent candidate for the representation of this riding in the Parliament
of Canada, believing as I do, that at no
time in the history of our Dominion has
there been a greater necessity for independent thought and action than at present.
I would, if elected, support a liberal trade
policy between Canada and Great Britain,
thereby tending to strengthen the bonds of
union that exist between the Dominion and
the mother land. A tariff for revenue purposes only, is all that should be maintained.
I would favor the obtaining by every legitimate effort, of a favorable reciprocity treaty
hetween Canada and the United States.
The freest trade relations possible should
exist between the two countries, that would

I am opposed to all combinations that advance the value of the necessaries of life to consumers. The freest possible exchange of productions should be brought about between the farmer and the manufacturer. The farmer has a right to obtain the full value of his earnings, and the produce of the country should be carried to the seaboard for a just consideration. The system of granting railway charters requires amending, and attention will have to be paid to protect the public lands should be reserved for actual settlers. TO THE ELECTORS OF THE

CITY OF LONDON.

Ladies and Gentlemen.—It is not in compliance with solicitations and requests of a large number of the electors of the electoral district of London or elsewhere, that we now call your attention to the fact that at no time in the history of Canada is bile, indigestion, sere throats and sore heads, more rife than during an election campaign. All the foregoing complaints and many others to which flesh is heir, can be quickly cured by taking "Curative Fluid" internally, and using "Curative Absorbent" externally. They are absolute specifies for the cure of disease, neutralizing the acid which is nearly always the cause of inflammation. By removing the inflammation the disease ceases to exist.

A Dinner Fill.—Many persons suffer exeruciating acray after partaking of a hearty dinner. The food partaken of is like a ball of lead upon the stemach, and instead of leing a healty nutriment it becomes a poison to the sytem. Dr. Parmelee's Vegetable Pilla are wonderful correctives of such troubles. They correct acidity, open the secretions and conver the food partaken of into healthy nutriment. They are just the medicine to take if troubled with Indigestion or Dysjepsia.
