Canadian Butter in England.

Advices just received from Liverpool state that within the past month there has been a decline of 25s to 27s per cwt in the price of butter. A portion of a lot of Canadian creamery was sold in Liverpool about a month ago at 110s, and the balance of the lot, which was well kept, has since brought only \$3s\$. This will show quite a loss for someone.

A COW WITH RABIES.

Gores a Horse to Death and Savagely Attacks a Dozen Mon.

Kansas City, Mo., March 11.—A milch cow afflicted with what a veterinary surgeon pronounces a distinct case of hydrophobia ran amuck in the heart of the retail business portion of the city. It attacked a dozen men and killed a horse. It was finally shot. The animal belonged to D. M. Lower, janitor in the Morgan building. He had staked it out in an alley between Main and Walnut, Tenth and Eleventh streets, intending to send for a veterinarian, the cow having shown signs of a fever. Lower set a bucket of water in front of the cow. She stuck her nose into the water and with a low beloow proceeded to business. She dashed at Lower and nearly ripped the coat off his back. A plumber named Arnold was passing. The cow drove him into a doorway and pulling up the stake by which she was fastened, started down the alley, the rope trailing behind. On Tenth street she gored to death a horse attached to a wagon. Policeman Lyon ran to the rescue, but turned and fled when the animal charged upon him. Up and down Tenth street the cow rushed, attacking all pedestrians in sight for fifteen minutes. Finally, two big policemen got hold of the trailing rope and threw her and Humane Officer Maran shot her. Dr. Black said the cow was suffering with rabies.
