Boston, May 28.-Local Hebrews who are concerned in the Zionist movement, which has for its end the reestablishment of the Jewish nation in Palestine, are encouraged to continue their active work by the receipt of a dispatch from the committee who recently had an audience with the Sultan of Turkey. MARKET FOUND FOR RATTLESNAKES

One Hundred Men in Texas Hunting the Reptiles for a Factory.

Austin, Texas, May 27.-The establishment of a large factory for the manufacture of snake oil in Texas about a year ago has led to the development of a new industry in this part of the state. There are probably one hundred men in Southwest Texas who are devoting their whole time to snake hunting. One of them, Capt. Mack Arnold, seldom fails to capture from five to ten rattlers each day he puts in at

the work. The snakes bring 25 cents a pound gross at the factory, and each snake weighs from four to six pounds. Before | Disastrous Fires Near Havelock and Tilsonremoving his camp to the vicinity of Austin, Capt. Arnold and his Mexican assistant spent three months in Blanco county, where they had wonderful suc cess in capturing rattlesnakes. During that period they captured and shipped to the factory 1,540 rattlesnakes. At one point on the Blanco River Capt. Church, has purchased Mr. Arm-not have succeeded in doing this had strong's brick residence on the 4th not the weather been cold and the rat-

tlers, but has never suffered any harm from the poison.

It is Capt. Arnold's opinion that the snake-hunting business will afford those who have nerve enough to engage in it a good livelihood for many years to come. There are hundreds of thousands of acres of wild pasture lands in Southwest and West Texas, which are not fit for much else except to grow rattlers on. The fact that a market has been found for rattlesnake oil will cause the demand for the snakes to keep up. Should a scarcity of rattlers ever occur on the ranches it is predicted that some enterprising man will start a farm for the special purpose of raising the reptiles for mar-

BORDEN AND WHITNEY

Address a Mass Meeting at Massey Hall, Toronto.

Toronto, May 27.-The first gathering of Conservatives to be addressed by Mr. R. L. Borden since his assumption of the leadership of the Conservative party, was held tonight in Massey Hall, and was largely attended. Messrs. Borden and Whitney, the speakers of the evening, were received with much enthusiasm.

Mr. Borden traced briefly the traditions of the Conservative party, and announced that he would seek to follow in the broad lines of a sound national policy as laid down by Sir John A. Macdonald. He strongly condemned the government for increasing the debt number of cabinet ministers and the expenditure, and advecated a mu-tual trade preference within the empire. Referring to Mr. Whitney's work in Ontario Legislature, Mr. Borden predicted that his party would be returned to power at the next provincial elec tions. He also predicted success for the Dominion Conservatives at the next federal general elections.

Mr. J. P. Whitney spoke of the Liberal policy as one of negation. He de-

Woodstock Senting-Review: W. I.

Mr. J. P. Whitney spoke of the Liberal policy as one of negation. He desired to assure Mr. Monk that there was no ill-feeling in Ontario towards the people of Quebec.

Mr. Monk, who was well-received, was cheered when he likened the Conservative party in Quebec in the last election to the Light Brigade. They had gone into the valley of death. Mr. Monk said that Sir Wilfrid Laurier's personality was the great force in the last election, but the history of Cartier and Mercier showed that great popularity might very rapidly ebb away, and the and is creating great excitement in the engineering world. Street Car Struck a New York Grocer's Wagon and Killed the Grocer.

New York, May 28 .- For the death of Vincent Scarpati, a grocer, a jury brought in a verdict of \$25,000 damages against the Metropolitan Street Railway Company before Justice Lawrence, of the supreme court. Justice Lawrence denied to the supreme to see a side and to reduce the notions to set aside and to reduce the verdict, and gave an extra allowance of

\$1,259.

Scarpati, whose grocery was at Fiftieth street and Second avenue, started for market in his wagon early on the morning of Oct. 10 last. In Third avenue, at Forty-eighth street, a south-bound car struck the back of his wagon. He was through bood first to the struck and the street. thrown head first to the pavement, and died in a few moments. His widow, Giuseppa, brought action against the company, through Lawyer Thomas E. Munday, for \$50,000 damages.

Munday, for \$50,000 damages.

The company urged that Scarpati was negligent in attempting to cross the tracks, as he ought to have observed the proximity of the car. The contention of the plaintiff was that the motorman, although in plain sight of the approaching wagon, drove forward at a rapid pace, taking chances on the wagon clearing the track in time for him.

This is one of the largest verdicts of the sort rendered in our courts. Probably the largest was that found against the same company for causing the death the same company for causing the death of Capt, George B. Rhoads, of the 7th Regiment. The verdict in his case was \$37,000.
