### JUDGE REFUSED TO INTERFERE

Saw No Reason Why Dissatisfied Ratepayers Should Withdraw Their Names.

The counter-petition of a number of King street residents who wished to have their names removed from a petition for a tar macadam pavement was presented to Judge William Elliot this morning. Those present were City Clerk Kingston, City Solicitor Meredith, City Engineer Graydon, and a number of interested ratepayers. After reading the petition and hearing the views expressed by parties for and against the counter-petition, Judge Elliot said he did not think it a case in which there was any call for him to interfere. There were no good reasons adduced, he said, why any names should be withdrawn from the petition, as it was not shown that they had been induced to sign by misrepresen-The dissatisfied ratepayers would have to go to the city council for any relief they desired. #### MANUFACTURERS TOUCHED BY STRIKE.

London Firms That Use Steel Are Interest-

ed in the Outcome. The big steel strike in the United States will have no immediate effect in London. The three largest users of steel here are the McClary Manufacturing Company, the London Machine Tool Company, and E. Leonard & Sons, and each concern has on hand a sufficient quantity of steel to continue work for some time, though, should the strike continue for any lengthy

period, the local users would doubtless be affected.
The McClary Company have been buying their steel in England lately, and now have on the way a shipment of 200 tons, which will keep them going for some time. The reason they have been buying in England is that owing to the demand in the United States, orders there had to be placed three or four months ahead to insure

delivery.
The other two firms concerned buy their steel in the United States, but both have a fair stock on hand. The price of steel has already been slightly advanced, and further increases in
