ITALY REFUSES GERMAN REQUEST

Will Not Allow Mission To Cross Into Abyssinia-Fears Deception.

[Canadian Press.]

Rome, via Paris, March 24.—The Italan Government is said to have refused a request made by Germany that a mission sent to Erythrea be permitted to continue its journey through that district into Abyssinia. Italy's refusal is reported to have been based upon the belief that the object of the mission was to incite an attack by Abyssinians upon British forces in the Sudan.

Erythrea is an Italian protectorate ! East Africa, bordering on the Red Sea, opposite Turkish territory in Asia.

March 24.-Roland B. Mahany, of Buffalo, N. Y., United States oner of conciliation, Department of Labor, is here to investigate ircumstances surrounding the strike longshoremen.

He arrived in the train with T. V. O'Connor, president of the Internationl Longshoremen's Association, who also came to investigate the strike. The Government took cognizance of the strike, it was said, when it was learned there was danger of shipping along the Pacific coast being tied up. The longshoremen struck first at Vancouver, B. C., when two wharves reduced the pay of truckers. The strike was extended to American ports as a boycott against vessels, which has een worked by non-union longshore men at Vancouver, and soon developed nto a general strike affecting all coastwise, Alaska and oversea shipping on Puget Sound, when the longshoremen demanded that all crews be drawn

from union lists instead of being selected at the wharves. All the shipping at Seattle, Tacoma, ancouver and Victoria, B. C., is now CANDIDATE NOMINATED. [Canadian Press.] Vancouver, March 24.-W.
