A. C. Thomas, a Lobo township boy, who is travelling through the British Isles and Europe, has written a splendid description of Edinburgh, dealing in this ar-ticle with the historic associations which center around Edin-burgh Castle.

By A. C. THOMAS. SITUATED upon a hilly site, the old Scottish capital of Scotland Haven, Leith and Portobello in-cluded and the whole known as population of over half a million.

the plans for which were drawn up inimitable comedian, Sir Harry about 1770, and carried out on an orderly method, and although the result is rather remarkable in so far Moorfoot and the Lammermuir hills; as its symmetry is concerned, yet as its symmetry is concerned, yet to me, and I think to any visitor from Canada who will take the pains from Canada who will take the pains the visitor to Edinburgh just from Canada who will take the pains to make an intelligent comparison, it seems that the architect might have avoided ruining an otherwise well planned business section by inserting short streets at right angles to the main thoroughfares, narrow and in many instances terminating in "dead ends." The castle stands upon a precipitous rock 300 feet high, forming the abrupt end of the ridge that rises from Holyrood, about one and a half miles distant, the thoroughfares leading from the astle to the palace, Castle Hall, Lawnmarket, High street and old Canon-

Wely and the new town. Paralleling the June 19, 1566. Mely Handel Handel Larenz Handel Larenz Handel Larenz Handel Larenz Handel Larenz Handel Larenz Handel Hand

Just Wandering Around. proceed to set down an account of the things which most interested me, at the same time recalling the more salient features of historic and traparks, and the suburban places of St. Giles, was one of the most interest, including the King's park aggressive leaders in the reform in the center of which rises the hill movement.
