

SERVICE HELD UP, IDEMNNITY ASKED

Street Railway Asks Compensation From Board of Works For Interference.

The board of works last night faced the forthrightly revival of an old problem, that of relations with the London Street Railway Company. In this instance the railway company was the complainant and, according to opinion voiced last night, some hundreds of dollars may have to be spent because of interference with the Springbank service of the L. S. R.

The company complained that, in the construction of the new Beaconsfield avenue sewer, the city works department had undermined its tracks and held up service. The railway would have to construct turnouts to maintain a one-way service to Springbank while the sewer was under construction.

W. P. Near, city engineer, advised that the company be compensated for the cost of such turnouts, and the matter was sent on to council.

According to Mr. Near, the ground had been gone over fairly well by Mr. Tait before the sewer was started, and various agreements were made. However, the city found considerable use for the south railway tracks for teaming and other purposes from Beaconsfield avenue to the sewage disposal works.

A bill for repairs to York street bridge was received. The whole cost of repairs was named by the Canadian Bridge Company as \$2,910, of which the city will pay half and the street railway company the remainder. Mr. Near presented a lengthy report of repairs and outlined all steps that had been taken.

Ergden Campbell appeared for the Imperial Oil Company, seeking permission to construct a modern oil station at the corner of Waverley road and Bruce street. Some objection from churches of the district was reported by Ald. F. B. Kilbourne and others. The station would be built within a half-block of a Baptist church, and directly opposite Knox church. Mr. Campbell wanted revision of the zoning bylaw to permit construction of the oil station. Ald. John Ashton recommended that the council support the petition.

Ald. Harry Bottrill, chairman, was absent, and Ald. McCormick presided. Ald. H. H. Neely was also amongst the absentees.

UNVEIL TABLET TO FALLEN OF KING EDWARD'S REG'T

Associated Press Despatch.
London, Oct. 27.—Major-General J. B. Seely at the Royal Colonial Institute today unveiled a tablet commemorating the fallen of the second regiment of King Edward's Horse which served with the Canadian Cavalry brigade throughout the great war. Many of the officers and men of the regiment came from the British dominions and up to the outbreak of the war. On the tablet are the names of Festubert, Givenchy, Messines, Ypres, Sallent and the Somme, some of the places where the regiment served.

A MARVELOUS NEW REMEDY FOR INDIGESTION ON SALE at THE STANDARD DRUG, Ltd.

Visit the STANDARD DRUG STORE, 180 DUNDAS STREET, Between the Hours 11-12 and 2-5 and Have Mr. Bray, the Special Representative, Explain the Benefits of This Wonderful Remedy. He Will Tell You Frankly if He Does Not Think This Remedy Will Help You.

No other remedy has been accorded the instant success that has been attained by HERB JUICE, the new herbal stomach remedy that makes life worth living. Stomach trouble is the direct cause of more derangement of the nervous system and general bodily functions than any other ailment, according to the statement of the HERB JUICE man, who is introducing this new herbal remedy here. Imperfect digestion and dyspepsia cause more serious diseases than all other ailments combined. Nearly every form of disease begins in the stomach and this has been proven in thousands of cases. It is the neglect of the first symptoms of a rundown system which causes these troubles. Indigestion wrecks the entire nervous system, clogs up waste matter in the intestines, which in turn poisons the blood, half-digested food in the stomach rots, forms poisonous gases and causes diseases of all kinds. Constipation, keeping the decayed matter

in the body, is responsible for many hours of illness. Laxatives help out temporarily, as they only relieve conditions for the time being, and the constant use of laxatives produces paralysis of the bowel muscles. The cause of constipation is stomach trouble. HERB JUICE, being a remedy based on nature's own cure, is the relief for these modern ailments—headaches, dizziness, constipation, weak memory, bad blood circulation, unsound sleep, indigestion and dyspepsia. It will give almost instant positive relief, and if taken for a short time results will be permanent. Don't neglect your condition. It will always lead to more serious trouble. Give your rundown system a chance to make good. Help it so that you may know once again the feeling of real health, as in have energy and vigor, a clear tongue, sweet breath, good complexion and be able to sleep soundly, to eat food without fear of indigestion or dyspepsia. PRICE, ONE DOLLAR.—Advt.

SYNOD PROMISES SURPASS BUDGET

Hamilton and London District Presbyteries To Exceed Allocation by \$7,000.

Exceeding by \$7,000 the budget allocated to it by the general assembly, the Hamilton and London Presbyterian synod will raise \$167,000 for budget purposes during the ensuing year. This decision was made at an enthusiastic meeting of the conveners of the general interests committee of the synod, held in New St. James' Presbyterian church yesterday.

The synod allocation of \$167,000 was then distributed by the committee among the eight Presbyteries of the synod, as follows: London presbytery, \$25,000; Hamilton, \$25,000; Stratford, \$25,000; Sarnia, \$8,500; Paris, \$12,000; Huron, \$8,000; Chatham, \$16,000; and Bruce, \$10,000.

MISSOURI CHURCH GIVE CALL TO U. S. MINISTER

Rev. Chas. Anderson of Missouri Extended Unanimous Call by Presbyterians.

At a joint congregational meeting held in the South Missouri church last evening, a hearty and unanimous call was extended to Rev. Charles W. Anderson, D.D., of Mobile, Mississippi. The salary will be \$1,800, which includes free use of the manse.

The congregation is hoping that Rev. Anderson, who is a British subject, will see his way clear to accept the call.

DR. C. C. ROSS IS SURE OF SUCCESS IN E. MIDDLESEX

Popular Liberal Candidate Is Conceded Good Majority in East Middlesex Tomorrow.

ANNEX DISTRICTS AID

A careful check-up in every subdivision in East Middlesex shows beyond any doubt that Dr. C. C. Ross of Hyde Park, Liberal candidate, will head the polls at tomorrow's election. The telephone at Dr. Ross' committee rooms fairly jingled with good news from Liberal workers in every part of the riding last night.

Majorities in every township for Dr. Ross were freely predicted last night, while an exceptionally large vote in favor of the Liberal candidate is anticipated in the annex district, where Dr. Ross is well and popularly known in a professional capacity. Many voters in the annex district, as well as those in townships and villages, served overseas and will remember that when an emergency call came for physicians, Dr. Ross gave up his practice and went overseas, where owing to his ability he was placed in charge of Tankerton hospital, England.

Dr. Ross has received splendid receptions at every meeting and such was the fairness and logic with which he presented arguments in favor of Premier King and his re-election, that not one member of an audience rose to question any statement that he made.

Dr. Ross will undoubtedly be elected tomorrow. Electors of East Middlesex are advised to cast their votes early and place their "X" opposite the third name on the ballot, that of Dr. Cecil Clarkson Ross.—Advt.

THREE MORE SHIPS WRECKED AT SEA

Two Sailing Vessels and Schooner Added To Atlantic Storm Disasters.

Canadian Press Despatch.
St. John's, Newfoundland, Oct. 26.—Two sailing vessels were added today to the list of wrecks strewn along the wild coast of Newfoundland by the tempest that raged over the North Atlantic Saturday and Sunday and unofficial reports today chronicled the loss at sea of the three-masted schooner Nancy Lee, Labrador t Seville with a cargo of fish, presumably with all on board.

Further details of shipping disasters were received today with more complete restoration of lines of communication blown down in the storm. It was reported that the coastal schooner Utowana had become a total wreck at Tilt Cove, with a cargo of fish, and that another fish-carrier, the schooner Gondola, bound for Halifax, had run ashore at Bay St. George, and likely to be a total wreck. The Nancy Lee reported lost at sea on a voyage to Spain, was of 150 tons register. Details were impossible to obtain tonight.

The schooner Creaser from Sydney, N.S., with coal, arrived at St. Jacques with deck load washed away, her canvas torn to ribbons and the hull strained and leaking.

AMERICAN STRIKE HELPS SITUATION

U. S. Demand For British Coal May Solve Serious Problem at Mines.

Associated Press Despatch.
Washington, D. C., Oct. 27.—There is a distinct sign of improvement in the British coal situation, according to radio reports received here and made public by the coal division of the United States department of commerce.

Reports of the improvement in the old country are thought here to be the first to be imported into this country since the war, as due to the shortage brought on by the strike of anthracite miners in Pennsylvania.

Large prospective shipments of Welsh anthracite to both Canada and the United States are reported.

FIRST GERMAN COAL.
Associated Press Despatch.
Portland, Maine, Oct. 27.—A cargo of 4,000 tons of German coal, said to be the first to be imported into this country since the war, is due to arrive here in about five weeks, it was announced today by local dealers, who are seeking to relieve the fuel shortage in Maine. The coal will come in three sizes, stove, egg and nut, and will be priced about the same as Welsh coal.

BALKAN WARFARE WILL BE PROBED

Nations To Send Commission To Clear Up Greek-Bulgarian Dispute.

Associated Press Despatch.
Paris, Oct. 27.—The council of the League of Nations will send a commission to the Balkans to investigate the causes of the Greco-Bulgarian conflict. This decision was reached at a secret session of the council tonight, but the program as outlined is contingent upon compliance by Greece and Bulgaria with the conditions of evacuation and cessation of hostilities laid down by the council.

The duty of the commission will be, first to determine the facts; second, to determine the responsibility; third, decide the question of indemnity, and, fourth, study means to prevent a recurrence of similar outbreaks in the future. A report of the findings will be submitted at the next session of the council at Geneva in December.

BIG DEMAND FOR WORKMEN IS UNFULFILLED AT ST. THOMAS

Labor Bureau in Flower City Unable To Meet Order From Railroads and Canning Factories For Help—Search City in Vain.

Special to The Advertiser by Staff Correspondent.

St. Thomas, Oct. 27.—An order for men was received at the employment bureau here today, and the supply in St. Thomas and immediate district could not meet the demand. The order consisted of a call by the P. M. R. for 30 men, and a call from the canning factory at Aylmer for 20 women. Despite a consistent search by the employment bureau throughout the city today, but four or five men could be got for the railroad position, and no unemployed women could be found.

LEVI SUTTON PASSES AWAY SUDDENLY AT ST. THOMAS

Associated Press Despatch.
St. Thomas, Oct. 27.—Levi Sutton, aged 83, died suddenly this afternoon at the home of his daughter, Mrs. Alice M. Snyder, 25 East street, city. He resided on Talbot street, Fingal, and was well known throughout this district, being the last remaining member in this locality of one of the most prominent pioneer families. He was a lifelong member of the Fingal Methodist church, and had served it in many official capacities.

Surviving are two sisters, Mr. D. O'Neill, of London, and Mrs. J. D. Brotherhood, of Chicago; two grandsons, Ross A. Snyder, Wabash district freight agent, and Cecil L. Snyder of the University of Western Ontario.

PRIME MINISTER SAYS ELECTION ACT VIOLATED

Claims Letters To Returned Soldiers in North York Illegal.

Canadian Press Despatch.
Newmarket, Ont., Oct. 27.—A printed letter to returned soldiers, alleged to be from Colonel Herbert Lennox, Conservative candidate in North York, was declared to be a "violation of the elections act," by Premier King at a meeting here this afternoon. It was not within the election law because it did not place the name of the printer, of the place from which it emanated, said Mr. King.

Mr. King, in dealing with the charges made against the government's relation to the returned soldier, declared the same to be "false and untrue in every particular."

Mr. King said he had been charged with promising a \$2,000 bonus to returned men in 1921. "I made no promise of that nature. The statement was never made by me," he said.

said. The Liberal party platform of 1919 had favored a payment to returned men, but the government of the day had taken no action.

Fractures Neck Fleeing Officer

Alleged Auto Thief Falls Over Lumber Pile in Flight.

Associated Press Despatch.
New York, N. Y., Oct. 27.—Two violent deaths and a shooting were added today to New York's crime calendar.

John F. Mackin, Jun., a meter tester for an electrical company, shot and seriously wounded his young wife, Helen, and a moment later killed himself. He left a note telling his father that his marriage had been "a terrible mistake."

A second violent death took place on the lower west side when John J. Barrick, feeling from a policeman, fell over a pile of lumber and died of a fracture of the neck and spine. Barrick was riding in an automobile with two young women about dawn when a patrolman stopped the car in the belief that it had been stolen. Barry fled and was subsequently killed. The automobile was reported stolen from Redbank, N. J.
