THE OUTSIDE STOCK MARKET. The New York stock market was steady to-lay. There was but little change in prices, but

way even though there is but little map in the market.

Railroad men of reputation such as Mr. Sykes of the Northwest, B. A. Hegeman of the Lackawahna, Mr. Blanchard of the Eric, Mr. Ledyard of the Michigan Central and John Newell of the Like Shore, insist that their caraings are good and above the average and that the outlook is promising. These declarations, properly substantiated, it is thought will militate against the bears.

The London stock market was steady to day and more in accord with the American markets than it has been for a week. Stocks were strong and prices firm.

GRAIN AND PROVISIONS. Grain and Produce. Grain and Froduce.

The reactionary tendency neticeable yesterday in the foreign grain markets had disappeared to-day and prices were steady throughout. If anything, there was an upward tendency shown in Chicago and New York, with a good demand. In a word the grain market may be said to be decidedly strong, and

market may be said to be decidedly strong, and this applies to all grades.

There was a considerable demand for wheat on the local market to-day, and it is suspected that some of the dealers are finding considerable difficulty in covering. On call to-day No. I fall started at 780 bia and advanced to 81c, without takers. For No. 2 fall 80c was offered for 10,000 bushels without takers, and 79c was bid for the same grade on the track. For No. 2 spring 81c was offered for December delivery and 80c for November, but without sales.

The case mentioned vesterday of the failure of a local firm to deliver grain contracted for came up on the board again to-day. Vice-Pres. Matthews, after the call closed, tried to buy the amount needed, four eurs No. 2 red winter, but not offered. Following the rules of the board the matter was then referred to the Call Board Committee. The wheat had been sold at 81c and the committee decided that the seller should settle on the basis of 85c, which means a loss of about 884. Mr. C. H. Moldaughila was the seller and the Citizens Milling Company the buyer.
