THE
GREATEST
GIFT--

FURNITURE

Search far and wide and you will not be able to find any gift that is quite so appropriate or one which will give more lasting satisfaction than the gift of furniture.

Furniture has been rightly called "the Greatest Gift," because it combines the elements of beauty, practicability and service and will be remembered long after the expensive knick-knacks are forgotten.

Furniture is also the universal gift, because there is something in furniture for every member of the household.

In the great collection of Christmas gift suggestions which we have provided you will find here appropriate things for everyone, from granddad to baby, and if you thought for a moment that furniture was too expensive for you to give, a brief visit to our store will convince you that your first impression was wrong.

Come in and wander about our sales floor and see how moderately priced this furniture is, and remember, too, that any of this furniture can be purchased on our convenient credit plan.
