THE BOTANICAL SOCIETY.

In the May number there appeared an article on the study of botany, from the pen of George Mill, of Warwick, Ont., in which it was proposed to form a botanical society; and to that end, all persons wishing to form such a society were requested to send their names and address to the CANADIAN HORTICULTURIST for publication. The object of this is to enable students of botany to become acquainted with each other, and to take such steps as may seem advisable for the formation of a permanent provincial society.

The following names have been received:

J. FLETCHER, OTTAWA.
G. A. DEADMAN, BRUSSELS.
MRS. WM. ROY, OWEN SOUND.
