

aid them in the protection of their crops from the ravages of insects and of fungous diseases. The success of *American Gardening* has necessitated its removal to the new building at the corner of Rose and Duane streets, known as the Rhinelander Building. The current issue contains an illustration of its new home, and is in all other respects a most attractive number. Specimen copies will be sent, free, to all applicants.

THE WILD FLOWERS OF CANADA.

This Dominion will soon be covered with wild flowers as with a carpet. It is interesting to hear that splendid prizes are to be given to those who know the Wild Flowers of Canada by name, form and color. European and American judges of floral nature say Canadians should be so carried away with the beauty of their own native bloom as to ensure an acquaintance with the Wild Flowers of Canada by every man, woman, boy and girl in the Dominion.

In this connection the *Montreal Star* is coming in for much praise for a splendid work it is publishing, entitled "The Wild Flowers of Canada," in portfolio form, sixteen flowers in each portfolio, three hundred plants in all, natural colors and natural size, the whole forming an invaluable treasure for the library. For a limited time these valuable portfolios may be obtained from the *Montreal Star* or local newsdealers at fifteen cents each. Amazingly cheap.
