Apparatus which can be used for warming a building in winter and cooling it in summer, is being introduced into two immense Methodist churches, one in Pittsburgh, and the other in Allegheny, Penn.

MINING NEWS.

Mining experts note that cholera never attacks the bowels of the earth, but humanity in general find it necessary to use Dr. Fowler's Extract of Wild Strawberry for bowel complaints, dysentery, diarrhoea, etc. It is a sure cure.

Dr. Barus, an extensive experimenter, is strongly in favour of the thermo-electric method of measuring high temperatures. He believes the best couple is one made of platinum with an alloy of platinum and Iridium or rhodium.

VIGILANT CARE.

Vigilance is necessary against unexpected attacks of summer complaints. No remedy is so well-known or so successful in this class of disease as Dr. Fowler's Extract of Wild Strawberry. Keep it in the house as a safe-guard.

Some one asks, How do you estimate an engine's horse-power? The answer is: Multiply the pressure per square inch by the square inch of area of the piston, and then multiply this result by the number of feet the piston travels in a minute. Finally divide by 33,000.

HISTORY OF 15 YEARS.

For fifteen years we have used Dr. Fowler's Extract of Wild Strawberry as a family medicine for summer complaints and diarrhoea, and we never had anything to equal it. We highly recommend it.

The first man to run a locomotive with cast iron, instead of forged driving wheels, was Julius D. Petsch. This was in 1830. He was a practical machinist, and set the engine up himself. She was built at the West Point Foundry for service on the South Carolina road.

A PERFECT COOK.

A perfect cook never presents us with indigestible food. There are few perfect cooks, and consequently indigestion is very prevalent. You can eat what you like and as much as you want after using Burdock Blood Bitters, the natural specific for indigestion or dyspepsia in any form.

Professor Sayce states that the term Sinai Peninsula, applied to the region between the Gulfs of Suez and Akaba, is a misnomer, all the evidence available proving that Mount Sinai really stands somewhere in the ranges of Mount Seir, the exact site being still unknown.

RHEUMATISM IN THE KNEES.

SIR,—About two years ago I took rheumatism in the knees, which became so bad that I could hardly go up or down stairs without help. All medicines failed until I was induced to try B. B. B. By the time I had taken the second bottle I was greatly relieved, and the third bottle completely removed the pain and stiffness.

The Encyclopedia Britannica is a fairly bulky compendium of human knowledge, but what shall be said of the Great Chinese Cyclopaedia, published in the reign of the Emperor Kanghe? It consists of 5,000 volumes. Only 100 copies were completed, of which the British Museum possesses one.

Among a party of pilgrims who arrived at the Troitzo-Sergievski Monastery in St. Petersburg recently was a hale and hearty man of 113 years of age. He had tramped a distance of some eighty-five miles, and showed no weariness, while many of his more youthful companions were much distressed by the journey. His age was properly attested by baptismal papers he carried with him.

Eternity has no gray hairs. The flowers fade, the heart withers, man grows old and dies, the world lies down in a sepulchre of ages. But time writes no wrinkles on the brow of eternity—Bishop Heber.

Minard's Liniment, Lumberman's Friend.

Only the Scars Remain.

"Among the many testimonials which I see in regard to certain medicines performing cures, cleansing the blood, etc.," writes HENRY HUDSON, of the James Smith Woolen Machinery Co., Philadelphia, Pa., "none impress me more than my own case. Twenty years ago, at the age of 18 years, I had swellings come on my legs, which broke and became running sores. Our family physician could do me no good, and it was feared that the bones would be affected. At last, my good old mother urged me to try Ayer's Sarsaparilla. I took three bottles, the sores healed, and I have not been troubled since. Only the scars remain, and the memory of the past, to remind me of the good Ayer's Sarsaparilla has done me. I now weigh two hundred and twenty pounds, and am in the best of health. I have been on the road for the past twelve years, have noticed Ayer's Sarsaparilla advertised in all parts of the United States, and always take pleasure in telling what good it did for me."
